1. ABSTRACT

A scientific based research in this article focus that Egyptian great Pyramids were constructed for communication purpose and served as RF Antennas for remote controlling of **SUN, EARTH, MOON** from **MARS** Planet just like our television is operated through remote.

The Prehistoric human populations lived in MARS planet shall be considered as **super scientists** and expert in Astronomy, Astrophysics, Engineering Architect might have constructed the huge Pyramid structures without any difficulty.

This research focus that MARS shall be considered as main switching centre (**MSC**) Energy centre and the Great Pyramid shall be considered as "**Main Earth Station**" and other **three** associated nearby pyramids on the same line of axis shall be considered as Base Terminal stations (**BTS**) for independently controlling the axial position of **SUN, EARTH, MOON**.

It is speculated that the **positional control** of SUN, MOON also might have been done from **EARTH Planet** as SUN, MOON are not influenced with Negatively charged "**Electron Particle**".

It is focused that the Great pyramids might have been constructed with Prehistoric "**J-Technology**" derived from **Akkie Principles**.

It is speculated that thousands of other "**So called Pyramids**" existing in other part of world shall not be considered as Real Pyramids within the scope of **Pyramid definition**.

It is speculated that the outcome of this research shall provide solutions to existing current problems and theories related to Human **ancestor, Missing link, Mystery of crop circles** formation etc.

*"Great Pyramids may be **world wonder** to the modern human, but not to Prehistoric "**Marshal**" who lived in MARS Planet"*

- Author

It is focused that the Prehistoric advanced Technology, knowledge was lost as Marshal was **extinct** during the course of expanding universe.

3. Introduction

As far as concerned about Pyramid research, currently there are mainly two schools of **Pyramidology**. First school believes that Pyramid is a "**DIVINE REVELATION**". But the 2nd school doesn't agree this concept. The second school believes that the "**Geometric Marvels**" of the Pyramids are the result of knowledge and Technology lost with "**ATLANTIS**".

It is focused that the high tech Pyramidal structures shall be considered as the result of both of **Divine nature** and super scientific knowledge. The term "**Divine nature**" shall be alternatively considered as "**GOD**".

It is focused that the three fundamental Neutrinos" **PHOTON, ELECTRON, PROTON** shall be considered as **Godly Particles** responsible for evolution of the whole Cosmo Universe, Planets, Other matters, Origin of Life etc.

It is speculated that the natural "**J-PYRAMID**" might be in existence even before Origin of fullfledged formation of **SUN, EARTH, MOON** or **SUN, EARTH, MOON** were under "**Proto stage**".

*"The Naturally evolved Pyramids shall also be called as "**NATURAL PYRAMID MOUNTAINS**" "*.

- Author

It is hypothesized that the Prehistoric "**PYRAMID MOUNTAINS**" shall be considered as having "**Perfect Tripod**" like shape with high geometric value, and evolved during early Universe when the **base of Cosmo Universe** was highly "**SYMMETRIC**".

It is further hypothesized that the geometric value Pyramid mountains might be gradually become "**MOUNTAINS**" during **Space and Time** when the base of Cosmo Universe gradually become "**ASYMMETRIC**". In other words it can be stipulated that **Mountains** with different shape and diamentions in various parts of **EARTH** as well as in other planets might be subsequently at later periods. Mountain shall also be hypothetically called as "**SPECIES PYRAMID**".

It is focused that Natural Pyramids, Mountains not only exist on **EARTH** but also on in **SUN, MOON**, Other Planets before "**Origin of Life**".

4. What is the first Natural Pyramid Mountain?

What is the First Pyramid Mountain? “MON OLYMPUS” shall be considered as the first and Tallest **Pyramid Mountain** (14 miles in MARS Planet). Mon Olympus shall be considered as the “**Master Tower**” feeding Egyptian Great Pyramid “**Base Tower**”. The Philosophy of **MARR** tower might be derived from the philosophy of **MARS Tower Mon Olympus**.

“Mon Olympus MARS Tower shall also be called as “J-TOWER” “

12. Philosophy of Model Cosmo Universe?

It is hypothesized that the model Cosmo Universe shall be considered as tripod like closed container with triangular base. The SUN, EARTH, MOON shall be considered as three corners pillar of the base of Cosmo Universe. The **dark cell** shall be considered as origin of Universe which is composed of billions of particles emanating antineutrino radiation. The smallest unit of dark cell shall be considered as single dot ray composed of **THREE-IN-ONE** antineutrinos i.e.

PHOTON, ELECTRON, PROTON. The antineutrinos shall be considered as having exactly opposite characteristics to the fundamental neutrinos.

(MODEL COSMO UNIVERSE)

Region I - Perfect vacuum region (Anti-Neutrinos radiation)

Region II - Partial vacuum region (Neutrinos radiation)

<i>(iii) Neutrinos travel one nanosecond faster than speed of Light.</i>	<i>- OPERA experiment</i>
<i>(iv) The laws of physics wouldn't change; only the universal constants.</i>	<i>- Grossman</i>
<i>(v) Einstein may not be wrong; He probably began his experiment in Region-III vacuum; But Aether exists.</i>	<i>- Author</i>

Philosophy of Dark flame?

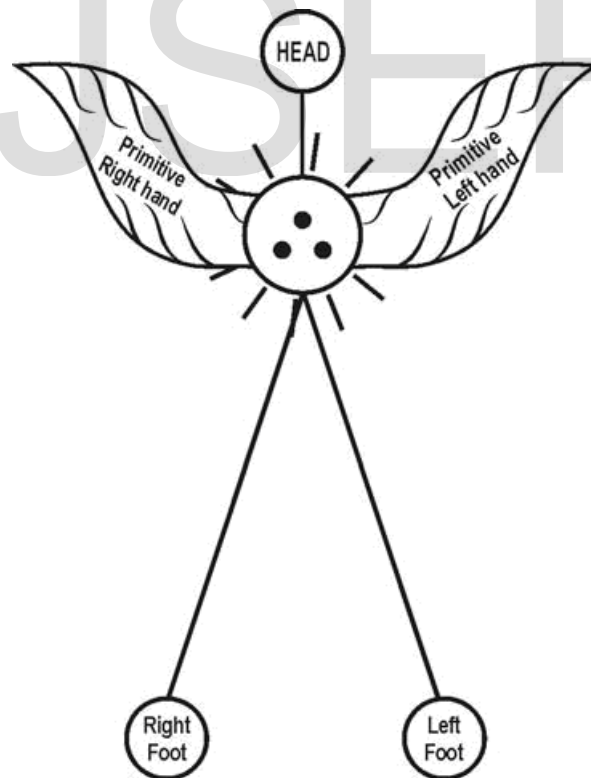

The Dark flame shall be considered as origin and **super nature** evolved from "Tiny dot". The tiny dot shall be considered as **Three-in-one** existence. Can **sub particles** have definite structure?

Modern Physics (Quantum) focus that sub particle shall be considered as fundamental and “**Structure less**”.

It is hypothesized that no sub particle can exist alone. Nature shall be considered existing in three-in-one configuration. Any further subdivision of sub particles also shall be considered as three-in-one configuration.

13. Philosophy of model prehistoric Human?

Prehistoric human shall be considered as evolved of Electromagnetic radiation spontaneously from Neutrino matter and prehistoric human originated in **MARS** planet and lived with different genetic characteristics before modern human started living in **EARTH** Planet.

(**E-SON**)

***“E-SON” shall mean Human ancestor, Missing Link
- Author***

The philosophy is “E-SON” shall be defined within the following scope.

- 1) E-SON evolved of Godly particles.
- 2) E-SON is considered as Godly person
- 3) E-SON is capable of “Flying”
- 4) E-SON shall mean **Electronic Expert**
- 5) E-SON shall alternatively mean **ALIEN, STAR HUMAN**

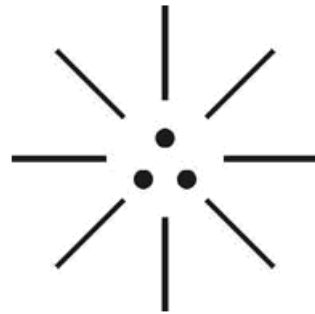

14. Hypothetical Narration

1) Philosophy of Godly particles

Case study shows that the Universe is believed to have been formed **13.7 billion years** ago from “**STAR DUST**”. There is no current theory that what is the composition of star dust?

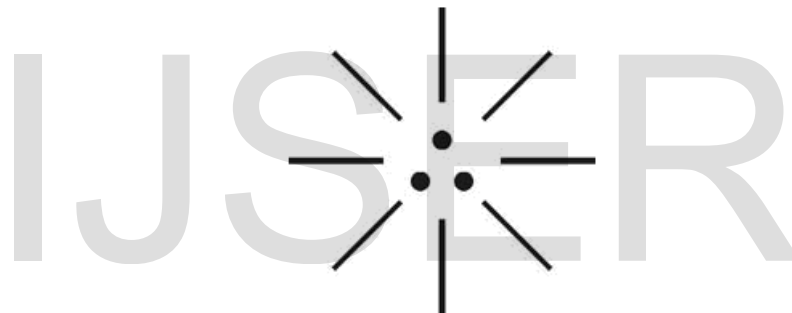

It is hypothesized that the star dust shall be considered composed of “**THREE-IN-ONE**” most “**Fundamental Neutrinos**” **Photon, Electron, Proton**. These three particles shall be called as **Godly particles** (or) **Divine particles** (or) **Akkie**. It is speculated that the philosophy of “**786**” in Islamic culture might be derived from the philosophy of **Akkie**. Akkie shall mean **Neutrino radiation**.

(a)

(Godly Particles)

(b)

(786)

The fundamental Neutrinos shall be considered as “SOUL” of Universe and responsible for evolution of **DARK MATTER, DARK ENERGY** of Universe.

“Godly Particles is the Soul of Cosmo Universe”

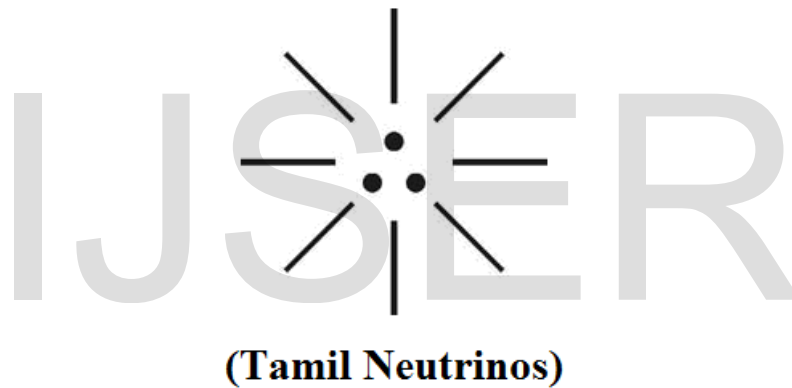

- Author

2) Philosophy of characteristics of Godly particles?

The Godly particles shall also be considered as having **Zero mass** and travels faster than **speed of Light**. The philosophy of “**AETHER**” by **Tesla** might be derived from the Philosophy of three fundamental Properties of **Neutrinos**.

The characteristic symbol of Godly particles shall be assigned as **A, K, J** for purpose of calculating **Universal constants**.

- 1) “**A**” - Photon (Neutral charge)
- 2) “**K**” - Electron (-ve charge)
- 3) “**J**” - Proton (+ve charge)

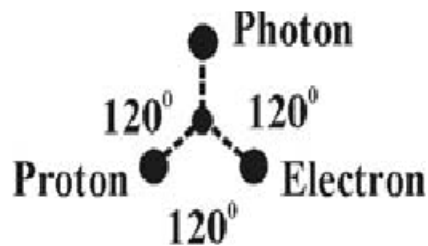

“The **three-in-one** Neutrinos **J, K, A** shall be considered as Prehistoric “**Tamil Neutrinos**” exist even before Origin of Natural Planets **MARS, SUN, EARTH, MOON** and travels faster than speed of “**LIGHT**”.

3) Philosophy of Neutrino Oscillation?

It is hypothesized that the three fundamental neutrinos photon, electron, proton can't exist along and it shall be considered existing always in **three-in-one** configuration. These three particles can't be separated as in the case of **DNA, PROTEIN, RNA**, of life building blocks.

It is further hypothesized that the three neutrinos shall be considered displaced equally by 120° and subject to sustained oscillation.

(Model Fundamental Neutrinos)

4) Philosophy of MARS Planet

It is hypothesized that the evolution of Universe **MARS** planet shall be considered as the **first planet** evolved and **MOTHER** of all planets. **SUN**, **EARTH**, **MOON** shall be considered as the **three species** planets to **MARS** planet.

The four planets shall be considered as **NATURAL PLANETS** evolved before **Origin of Life** All other planets shall be considered as evolved after **Origin of Life** and shall be considered as **SUB SPECIES** planets to **MARS**.

As per current Cosmological theory So many Solar systems, Moons, Earths are believed to be in existence. Further it is believed that **SUN** is the centre of the planetary system.

It is hypothesized by the author that there is only one planetary system is the whole Cosmo Universe and **MARS** shall be considered as the **centre** of the planetary system. Further it is hypothesized that every planet is revolving only

on its axis and never revolving other planets. It is focused that the relative **Inner core, Outer core** of planets may determine the Periodical Climatic, weather conditions with variation in **Electromagnetic field** Interaction. It is focused that different planets may be having different specific **Inner core, Outer core** speed in the specific level of **Electromagnetic alignment** in the Universe.

In the Cosmo Universe the Philosophy of Mother planet, Species planets, subspecies planets shall be indicated as below.

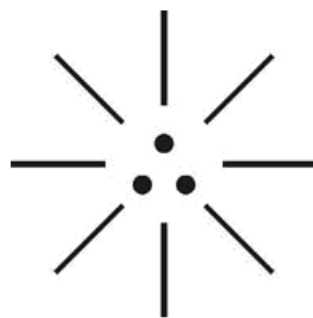

(i)

(MARS)

(ii)

(Sun, Earth, Moon)

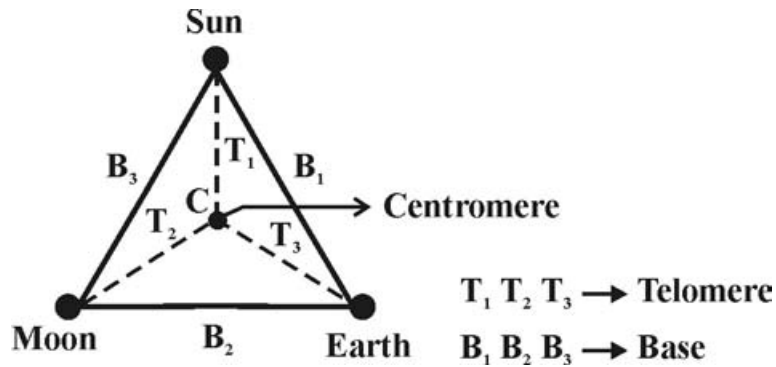

(iii)

(Sub Species)

5) MARS the EMR centre?

It is hypothesized that **MARS** shall be considered as the Source Electromagnetic Radiation (EMR). In other words it is stipulated that **MARS** shall be considered as the “**TRANSFORMER**” which converts Neutrino radiation into Electromagnetic radiation.

In the above picture **MARS** shall be considered as the Centromere of material universe (Region-III) and the **point** of origin of EMR.

The electromagnetic radiation shall be considered composed of Photon, Electron, Proton Particles having little **higher mass** compared to **Neutrino**

Particles. Hence it is hypothesized that **Neutrino Particles** can travel more than the speed of electromagnetic radiation. Further it is focused that **“LIGHT”**, **“LIGHTNING”** shall be considered as species to **EMR** and having varied **higher mass** and shall be considered travel little **lower speed** than **EMR**.

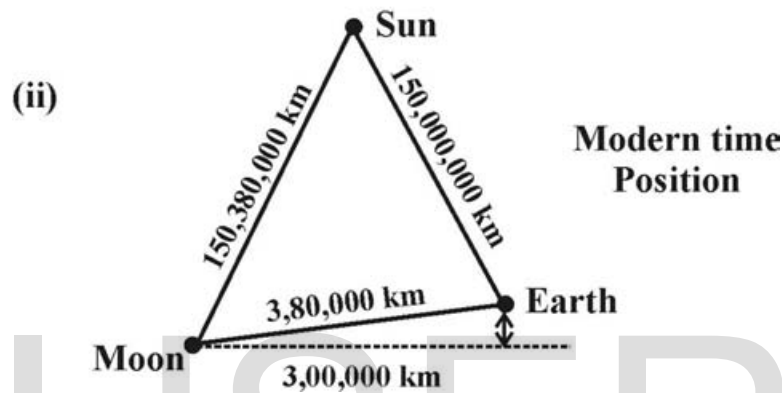

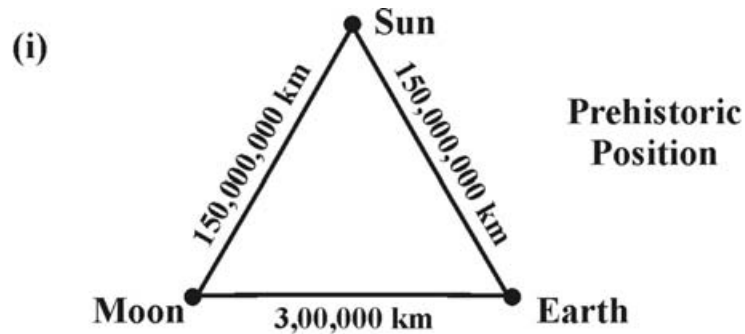

“Prehistoric human shall be considered as spontaneously evolved due to impact of EMR from **Neutrino matter** and lived in **MARS Planet**. The Prehistoric human shall also be considered as **ALIEN, STAR HUMAN** who were having different genetic characteristics compared to **modern human”**.

6) Philosophy of Base of Universe?

The Material Universe shall be considered as **Region-III** of Universe where all **Planets, Matters** exist. Further the **three-in-one** formation of **SUN, EARTH, MOON** shall be considered as the **“TRIANGULAR”** base of Universe.

It is hypothesized that in the early Universe the base is considered as **symmetric**. During the course of space the time the base becomes gradually **asymmetric** due to lack of knowledge among **“Modern Scientists”** for proper aligning of **SUN, EARTH, MOON** on its **axis**. Whereas the Prehistoric human have effectively controlled the alignment of **SUN, EARTH, MOON** through **“Radio Electromagnetic Wave”** from **MARS Planet**.

The hypothetical relative position of base structure of Universe between Prehistoric time and Modern time shall be indicated as below.

7) Philosophy of EMR Equilibrium?

The electromagnetic equilibrium shall be defined as the “**State of existence of matter** under specified **Density, Pressure, Temperature** condition.

In the expanding Universe the state of existence of matter may undergo change due to variant in **Density, Pressure, Temperature**. Hence the movement of planet son its axis needs periodical monitoring and control for proper alignment and restoration on its axis. It is speculated that **Modern scientists Astronomers** failed to do so.

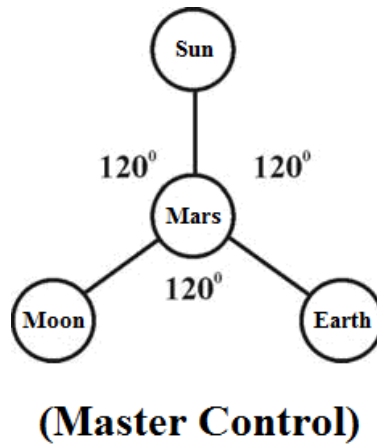

8) Philosophy of Life span of Human?

It is hypothesized that the Prehistoric human effectively maintained the alignment of various planets and kept the “**ECO SYSTEM**” balanced and hence long span of time might have taken for microbial Variation in electromagnetic equilibrium of matter. Hence Prehistoric human might have taken long span of Life time before experiencing considerable changes in immunity system of human. In other words it can be stipulated that Prehistoric human might have taken thousands of years to loose complete **immunity system** before reaching **Death**. Whereas in modern time **Eco system** might change in higher rate and hence modern human might loose his immunity system at faster rate say within 100 years and reaching **Death Point**.

9) Philosophy of Master control?

It is hypothesized that Sun, Earth, Moon shall be considered connected in Three-in-one Common axis as “**STAR POINT**”. Any change positional variation in any one of planets may have impact on other planets and thereby sensing the simulation restoring command might have given from **MARS Planet** to restore to its original position.

It is hypothesized that the Great Pyramid shall be considered as “**Main Earth Station**” and other three associated Pyramids might control **Sun, Earth, Moon** independently.

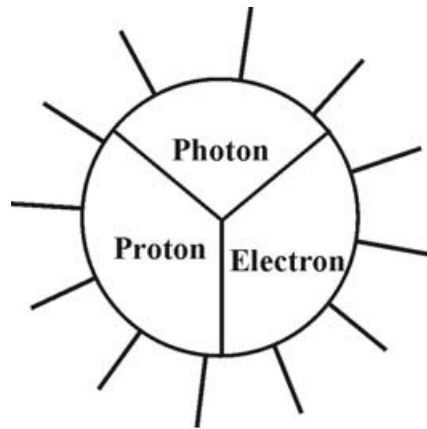

It is focused that Egyptian land shall be considered as located on **“Line of sight”** from **MARS Planet**.

10) **Philosophy Of EMR Spectrum And Bandwidth**

It is hypothesized that **MARS** region shall be considered as the source of **EMR** origin and the spectral region is spreaded up to Base of Universe. The material universe shall be considered covered with three regions of EMR spectrum (i.e) UV region, Visible region, IR region. The entire spectrum shall be considered as containing billions rays and each ray shall be distinguished with variation in mass of EMR particles with in the **Bandwidth**.

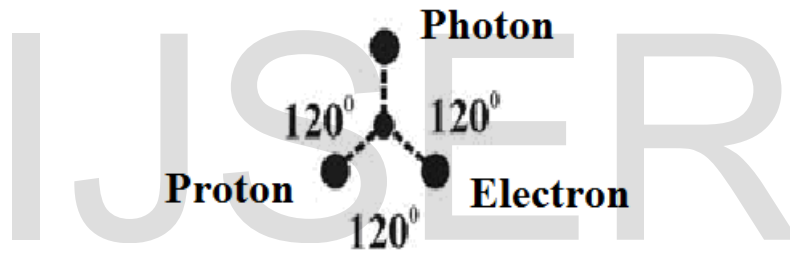

“Each ray shall be considered equivalent to Independent **“SIM CARD”** responsible for controlling billions of matter existing in the material Universe”.

(i)

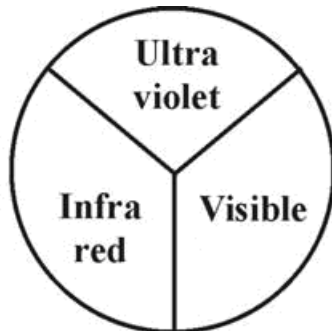

(SPECTRUM)

(ii)

(EMR)

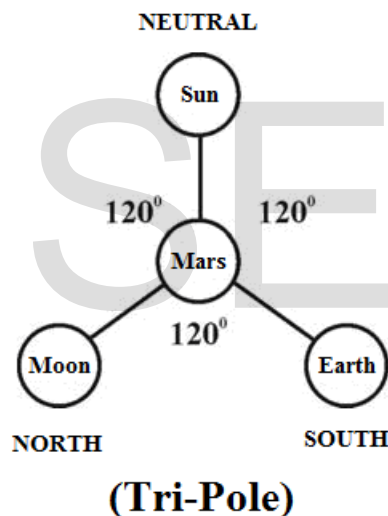

(iii)

11) Philosophy of "TRI-POLE" Universe:

(i.e) Moon region shall be considered as **North pole**; **Earth** region shall be considered as **South pole**; **SUN** region shall be considered as **Zero Pole** (Neutral). It is focused that the **optic, Electric, Magnetic** property of matter shall be considered variant based on its exact location of matter.

Further the fundamental universe constants **Reflectivity, Permittivity, Permeability** shall also considered variant to a certain. The relative characteristics of these three constants shall be considered displaced by 120° .

12) Philosophy of Mathematical constants e, pie?

It is focused that the value of mathematical constants are involved with thousands of transcended fractions. There are so many current theories are there to arrive nearest accuracy to this value of e and pie constants.

It is hypothesized that the value of **e, pie** is closely associated with relative position of SUN, EARTH, MOON. The variation in the value shall be due to

continues **asymmetry** in the base of Universe. Further it is hypothesized that e, pie value in Prehistoric time might be "3.0" and equal due to symmetry in base. In Prehistoric time log base 3 might be considered as natural logarithm. It is hypothesized that both values shall be reciprocal to each other

$$\text{"log}_3(e) \times \text{log}_3(\text{pie})=1\text{"}$$

It is further focused that the velocity of EMR shall be considered as 3×10^8 meter/second. The light shall be considered as species to EMR and shall be considered as travel little lesser than the speed of EMR (ie) 2.99×10^8 meter per second.

"It is hypothesized that the speed for EMR is 3×10^8 m/sec. The speed of Light is 2.99×10^8 m/sec."

- Author

Case study shows that the centre of Great Pyramid is 29.9792° C north of equator. It is hypothesized that in the early Universe the value might be rational and 30° . exactly. Subsequently as the base of universe become **Asymmetric** the angle might be deviated to 29.9792° from 30° . It is speculated the angle value may subject to further deviation during the course of time.

Further case study shows that the Great Pyramid **encodes** enormous amount of numerical coincidence such as phi, pie, dimension, movement of planets, Axial tilt, percussions, speed of Light in the latitude.

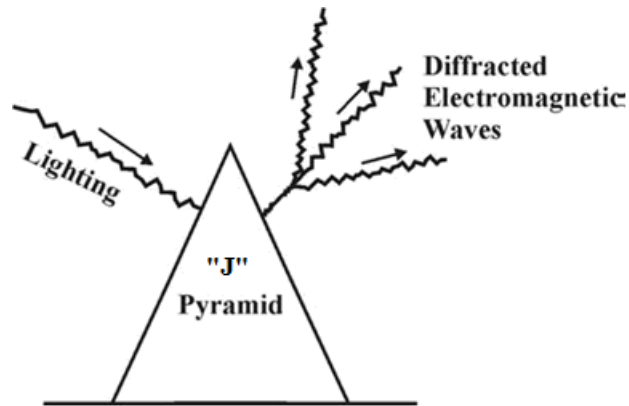

13) **Philosophy of J-PYRAMID?**

It is hypothesized that “**J-Pyramid**” shall be considered as the naturally evolved pyramid during early universe even before “**Origin of Life**”. J-Pyramid shall also be considered as **Pure Pyramid (or) Natural Pyramid mountains**.

"All other so called Modern Pyramids, Pyramid hill, Pyramid mounds, silbury hill, Ziggurat, Pyramid of Trans America shall not be considered as Pyramids within the scope of natural J-pyramid"

- Author

15) **Philosophy of “J”-Technology?**

It is focused that “**J-Technology**” shall be considered as “**Divine Technology**” (or) “**Godly Technology**” derived from the characteristics of “**Fundamental Neutrinos**”. - Author

24) Great Pyramid Vertex Point Deviates?

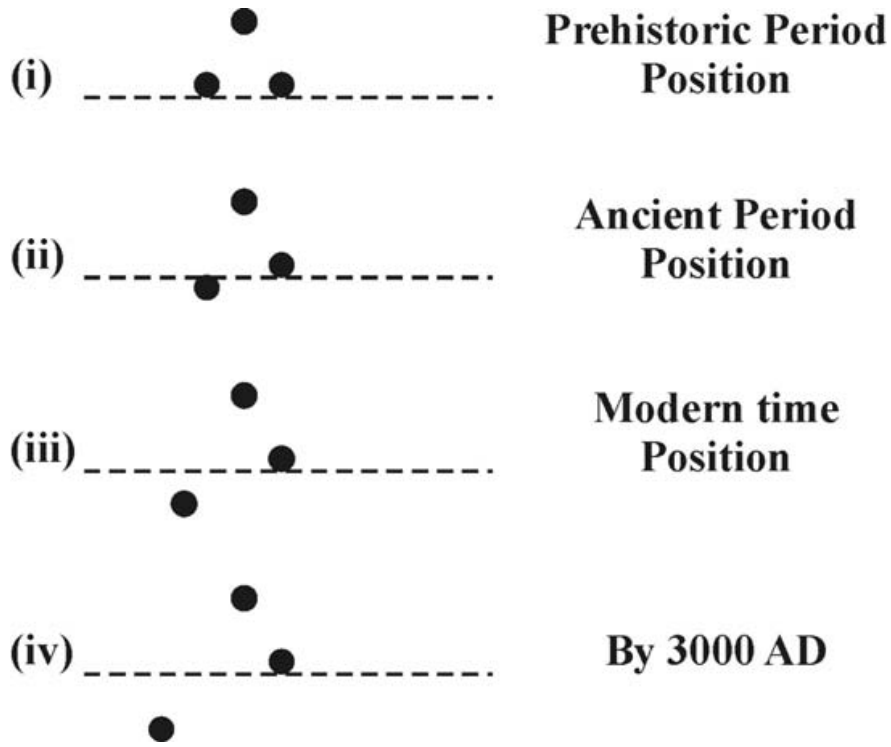

Case study shows that the Vertex point of Great Pyramid get gradually deviated from the original position of Geometric Latitude.

It is hypothesized that the shift may be due to asymmetry in the **axis** base of Cosmo universe.

In Prehistoric time the base symmetry was effectively maintained. As Prehistoric populations have been completely **extinct** the Prehistoric super scientific knowledge might have been totally lost. The following are the impact of increased “**Asymmetry**” level in the base of Universe.

(Billions of EMR rays)

The point of origin of EMR shall be considered as “**absolute white**” where the speed of EMR is 3×10^8 meter/second. Further the EMR source shall be considered as having Billions of Billions emitted rays. Each ray shall be considered as distinguished by different colour. The different colour of each ray may be due to different **mass level** of EMR particles. It is hypothesized that each ray has **varied speed**, below the absolute level of 3×10^8 meter/second.

It is hypothesized that each ray speed shall be identified by the formula

$$V = K \times f \times \lambda$$

V - Velocity

K - constant related to integral part of reflectivity, permittivity, permeability of the media

f - frequency

λ - wave length

It is speculated that k value may vary from **0.999 to 0.95**

It is focused that Billions of Billions ray emitted from common source of **EMR** shall be considered responsible for identification of Billion of Billion matter

exist in the material universe. Each ray shall be considered equivalent to **SIM CARD** of cellular mobile communication system.

26) **Philosophy of variant color of EMR?**

It is hypothesized that Billions of Billions colour rays shall be considered constantly undergoing changes in colour microbially. The changes can be sensible to human probably once in **1000 years**. The change in colour may be due to constantly acquiring higher mass microbially.

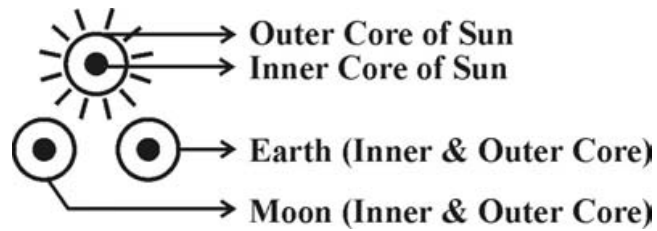

It is focused the state of sensible new colour of EMR ray shall be considered as **"NEW EVOLUTION"**.

"It is hypothesized that every second the colour of each ray of EMR undergoing colour change which enable consistent microbial variation in properties of **matters** existing in the material universe".

27) **Philosophy of Expanding Universe?**

It is hypothesized that in the planetary system every planet shall be considered as rotating on its axis only and never revolves other planet. Every planet shall be considered having both **inner core**, and outer core and both inner core, **outer core** shall be considered rotating at different speed as in the case of **"CLOCK"**.

Similarly the **SUN, EARTH, MOON** shall also be considered having inner core, outer core and rotating at different specified period. It is hypothesized that the inner core of **SUN** completes **one cycle** during entire cosmological period say around **"227 million years"**.

It is focused that the relative position of **inner core of SUN** shall be considered making microbial change in “**each ray**” of EMR by acquiring different mass and different colour during the course of “**SPACE**” and “**TIME**”.

The philosophy of microbial change in each ray of EMR and there by variation in properties of matter shall be considered as “**EXPANDING UNIVERSE**”.

“Cosmo universe shall be considered expands every second and the result of considerable changes can be felt in a long span of time say once in 1000 years”

- Author

28) **When first EMR originated?**

It is hypothesized that the first EMR shall be considered originated when the inner core of **SUN** first begins to rotate on its axis. All planets might have originated in the universe subsequently. It is focused that all the planets shall be considered as having their own colour governed by each ray of EMR.

29) Philosophy of Stages of origin of Universe?

It is hypothesized that the origin of universe shall be viewed in four stages (i) Existence of Dark Flame, (ii) Star dust formation & Anti-neutrinos, (iii) Neutrinos radiation (iv) EMR Origin.

The origin of all matter like Amino Acid, Nucleotide base might be formed in 5th stage. It is hypothesized that the origin of first human shall be considered originated at 6th stage. The first human shall be considered as **STAR HUMAN** derived three chromosome from three fundamental neutrinos **Photon, Electron, Proton.**

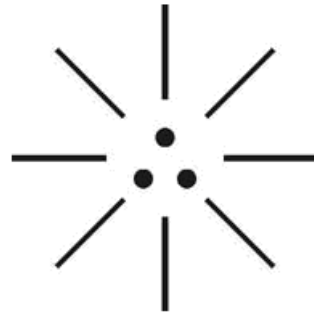

30) Philosophy of origin of first Human?

It is hypothesized that 3 chromosome (Trisomy) human shall be considered as the origin of **first life**. The 6 Chromosome Mosquito, 12 Chromosome amoeba shall be considered as originated subsequently. The 3 chromosome human shall be considered having **Third Gender** and Godly populations. It is hypothesized that the Male and Female gender population might be originated subsequently from **Third Gender** populations.

31) EMR is GOD?

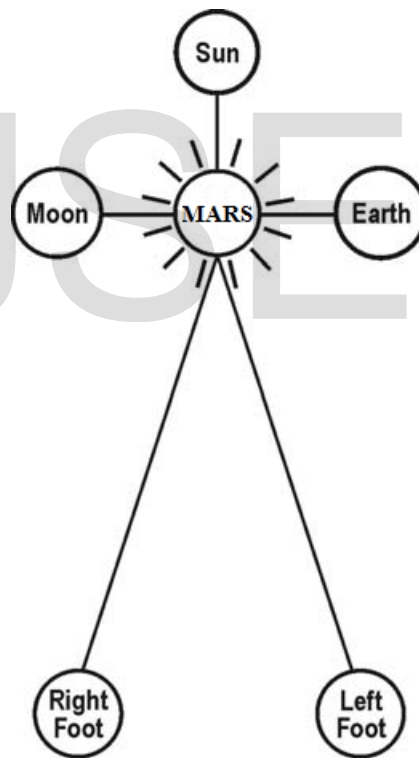

It is focused that EMR is responsible for origin of all matter and life. No EMR shall mean no matter and no Life. Hence the source of EMR shall be called GOD. God shall alternatively mean EMR (Electro magnetic radiation) or **super nature.**

(i)

(Super Nature)

(ii)

(E-SON)

It is focused that the whole material universe shall be considered as super nature whose heart is MARS planet, right hand is **Moon** left hand is **Earth**, and mind is **Sun**. The outer core of Sun shall be considered as **INTELLIGENT** and

inner core of Sun shall be considered as **SUBCONSCIOUS** mind. The constant emission of EMR rays shall be understood from the theory of **SCHUMANN RESONANCE** existing in **Ionosphere**.

32) How many rays EMR Source contains?

The total number of rays can't be exactly counted by **Human Wisdom**. However it is hypothesized that "**Billions of Billions**" rays shall be considered emanated from the source.

33) EMR Rays originated stage by stage?

It is hypothesized that the "**Billions of Billions**" rays shall be considered originated instantly just like a **Light source** emanates **light ray** instantly when switch on. The each EMR ray shall be considered having "**life time**" of **Millions of Years**.

34) Philosophy of Chromosome Growth?

It is hypothesized that the chromosome growth shall be considered as state of acquiring **higher mass** by the sub particles of **EMR Ray**. It is focused that every ray shall be consistently acquiring higher mass and undergoing consistent colour change Microbially. It is focused that the ray acquiring higher mass **every second of the day**.

The relative position of Sun on its **Inner Core** shall be considered as the cause for chromosome growth. In the early universe when the Sun inner core is at **Zero Position** there was no emission of **EMR**. When the Inner Core of Sun

begins to rotate on its axis the EMR might be originated. It is speculated that the colour of EMR ray might be **dark in** colour and the EMR radiation might be called as "**ABSOLUTE WHITE RADIATION**". During the course of **Space and Time** the billions of white rays emanated acquired colour due to acquiring higher mass. It is focused that the **MARS** Planet shall be considered as originated much before origin of **SUN, EARTH, MOON** and the colour of **MARS Planet** might be **Dark in Colour**. Subsequently when EMR is originated **MARS Planet** might have acquired **Red Colour** and called as **RED PLANET**. The prehistoric human lived in **MARS** Planet in the early universe might be **DARK in Colour**.

35) **Philosophy of DARK Flame?**

It is hypothesized that Dark flame shall be considered as the origin of **Cosmo Universe** and shall be considered as creative product.

36) **E-SON is a TRIBE?...**

In human Anthropological system the word "**Tribe**" is considered as closely associated with **caste system**. Tribes are treated as Low caste and treated as **untouchables**, especially in **India**.

In Global level human system, white skin human treat Black skin, Brown skin human as very cheap. Our beloved **GANDHIJI** was humiliated by white skin human because of his skin colour complexion.

In marriage system also parents look for beautiful colourful bride, bridegroom for their children!.... But some time they like "**BLACK MONEY**"

through **DOWRY System!!.... White mother-in-law ill-treats black daughter-in-law!!!...**

- 1) Red Indians do not like Black Indians?
- 2) White Srilankan do not like Black Srilankan?
- 3) White Arab do not like Black Arab?
- 4) White African do not like Black African?
- 5) White Pakistani do not like Black Pakistani?
- 6) White Chinese do not like Black Chinese?
- 7) White American do not like Black American?
- 8) White Canadian do not like Black Canadian?
- 9) White Australian do not like Black Australian?
- 10) White British do not like Black British?

It is hypothesized that Life originated from **Dark Matter** and **Dark Energy**. Every human and life system shall be considered genetically framed by **Black Superstructure**.

Prehistoric **E-SON** shall be considered as a First **TRIBE** originated and lived in **MARS Planet**. **E-SON** shall be considered as a Human Ancestor and **Black Body Human**.

Tribe shall alternatively mean human

- Author.

It is focused that human only classified under the name of **TRIBE** in three domain of life system. In Biblical study the "**12 TRIBES**" of **ISRAEL** shall be considered as **Species** to "**E-SON**".

Further it is focused that the word **TRIBE** is associated only with **Human System**.

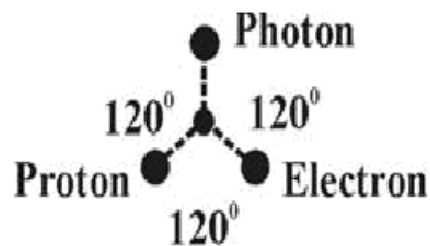

- i) **APES** do not have **Tribe System**.
- ii) **Mosquitoes** do not have **Tribe System**.
- iii) **Plants** do not have **Tribe System**.

"E-SON" is a Prehistoric MARS TRIBE. Modern human shall be considered as "EARTH TRIBE".

- Author

37) **Universe is a TRIBE?**

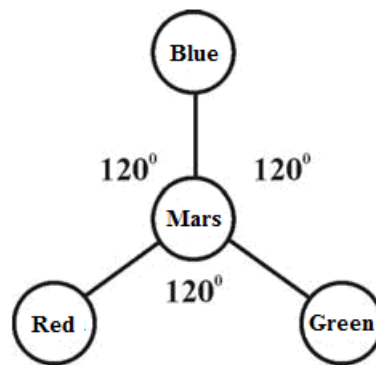

Tribe shall be defined as the fundamental three-in-one Neutrinos of universe responsible for existence of all Matter and Life.

(Universal Tribe)

Further **BLACK RADIATION, WHITE RADIATION (EMR)** shall not be classified as colours. Black radiation, white radiation, shall be considered as composed of particles with **Zero Mass**. Colourful radiation shall be considered as composed of particles with **Varied Mass**. Billions of rays emanated from Black radiation, White radiation shall be considered composed of microbially

variant in mass. Billion of colourful rays shall be classified under three fundamental colour element. Each colour vary shall be considered as **Species Colour** to respective fundamental colour element. Every ray shall be considered containing its own varied mass.

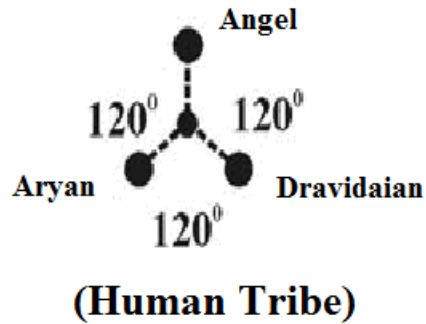

(Fundamental Tri-Colour)

It is focused that even a Family consists of hundreds of members shall be considered as variant in colour individually. Every one shall be considered genetically variant. Based on scientific facts **Colour Variation** in **human Chromosome** shall be considered variant due to Microbial Variation in **Mass**.

Modern human has 46 chromosomes. It is hypothesized that every human has his own chromosome level. Billions of Modern human spread all over the world shall be considered as "Species" to 46 chromosome human.

- Author

In human Anthropology, the so called **ANGEL, DRAVIDIAN, ARYAN** shall be considered as three-in-one **TRIBE**.

- i) **ANGEL** - **Photon** influenced.
- ii) **DRAVIDIAN** - **Electron** influenced.
- iii) **ARYAN** - **Proton** influenced.

“E-SON” shall be considered as Human ancestor and Angel, Dravidian, Aryan populations shall be considered as “**Three Human Species**” to E-SON. In other words Angel, Dravidian, Aryan shall be considered as three “**TRIBES**” to E-SON.

Global level human variation factors such as **Skin Colour, Hair Colour, Nose Structure, eye Iris**, etc. shall be considered due to impact of particular spectral region (UV, Visible, IR) where the particular population lives under that **environment**.

15. CONCLUSION

Great Pyramid still exists. But electromagnetic link to **MARS** energy centre is **delinked**. Future research has to be undertaken for **restoring the symmetry of base** of Universe to over come all the present day climate changes issues.
