1. Abstract:

In the Early Universe “MUKKIL” shall be considered as the 1st generation natural Electromagnetic spectrum. “MUKKIL” shall mean “cloud of absolutely white radiations”. The cloud of “white spectrum” considered contains billions of “Rays” and each ray considered represents every initially “CREATED” matter exists in the universe. The white spectrum shall also be called as “J-spectrum”. In J-spectrum every ray considers containing fundamental particles called “J-particles”.

(MUKKIL)
In the so called “Expanding Universe” the three families of spectrum shall be considered “EVOLVED” in three “Nuclear age” of geological periods. The three genetically varied families of natural spectrum shall be called as “MUKKULAM”. The so called “Electromagnetic spectrum” focused in Quantum physics shall be considered as “3rd generation coloured spectrum” composed of Billions of colours under three distinguished band of UV, RF, IR having distinguished wavelength, Frequency and energy level can be classified under major three nuclear family α, β, γ.

(MUKKULAM)

It is speculated that this scientific research shall provide balanced solutions to the conflicts in ‘particle-wave’ property of matters focused in uncertainty principle, Einstein’s relativity theory, Newton’s gravitational theory, Tesla’s Aether Principle and Maxwell’s electromagnetic wave theory.

*J-Spectrum shall be considered as mother of α, β, γ children.*

   2) Philosophy of word “MUTHU” (White Matter)
   3) Philosophy of word “MUCHU” (Breath)
3. Introduction:

In the "Evolutionary theory" and Darwin’s origin of “species”, Human is considered as evolved from “APES” and Human and Apes are considered as having “Common Ancestor”. In this article it is emphasized that human has more genetic value than APES and human is considered as valuable Gift of Nature.

In this scientific research it is focused that the so called “Modern human” (Homo sapien sapien) living in EARTH PLANET shall be considered as 3rd generation human species. In the Early universe all
the matters including human shall be considered as “CREATED PRODUCT” supernatural force called “GOD”. In the expanding universe the human and all matters shall be considered undergone three genetic changes in “Three Nuclear age”. The three genetically evolved human populations shall be considered belong to three distinguished nuclear family called “Mukkulam” derived from “J-Family”.

![Diagram](image1)

**MUKKULAM)**

The “1st generation human” (called as THAMEEN”) shall be considered lived in “MARS PLANET” with genetic characteristics and capable of “FLYING”. THAMEEN shall be considered as human populations shall be considered as “DARK POPULATIONS” who lived in MARS planet even before the “SUN” emits its first Light.

The 1st generation human shall be considered as expert in Astronomy, Astro physics, Bio Science and communicated with “High level language” with only Single alphabet composed of “Three-in-one Tiny dot”.

![Diagram](image2)

**THAMEEN**
The high level language shall be considered as containing series of “PULSES” of fundamental Neutrino particles PHOTON, ELECTRON, PROTON. Each particle shall be considered having own characteristics “pulses digit” as mentioned below called as “MARS CODE” (or) “AKKIE CODE”.

![Diagram](AKKIE KODU)

1. Right dot – “1” (PROTON)
2. Left dot – “0” (ELECTRON)
3. Centre dot – “.” (PHOTON)

It is focused that the so called Mayan code, Morse Code, Binary code shall be considered as 3rd generation digital language derived from the philosophy of 1st generation pulse language.

5. **Hypothesis:**

**a) J-Particles have energy?...**

It is hypothesized that the “**J-particles**” shall be considered always “**Co-exist**” and never be separated. In other words the J-particles, shall be considered as “**most fundamental particles**” and can’t be further subdivided. Further the particles shall be considered as having **electric, magnetic, optic, polarity**, property and derives constant energy from “**DARK FLAME**” of Universe.

The energy derived from the particles shall be called as “**Neutrino energy**” (or) “**FREE RADIANT ENERGY**”. This free radiant energy shall be considered as the “**Source of white energy**” utilised by 1st generation human for their **communication purpose**. The J-particles shall be called in pre-historic tamil pronounced as “**MUTHU**”. Muthu shall mean source of “**WHITE ENERGY**”. **ATOM** is smallest unit of matter?... NO... NO... NO... **MUTHU** shall be considered as the smallest unit of matter and even **HYDROGEN** shall be considered as the plasma stage atom and considered evolved from most fundamental unit **MUTHU**.

**b) ”J-particles” have any genetic structure?...**

It is hypothesized that the “**J-particles**” shall be considered exist with well defined “**genetic structure**” and subject to sustained pendulum like oscillation. The “**pendulum like oscillation**” shall be
considered equivalent to “Human Respiration” which shall be called in prehistoric Tamil pronounced as “MUCHU”. Muchu shall mean source of “PULSE GENERATOR” through consistent action of Inspiration, Expiration.

c) **J-Spectrum has three species?...**

In expanding universe “Three Band” of spectrum considered as “evolved” from fundamental natural spectrum in different Nuclear age. Each Band of spectrum shall be considered as pertain to distinguished “family”. The each family of spectrum shall be called in prehistoric tamil pronounced as “MUKAM” (band) and three-in-one existence of spectrum pronounced as “MUKKULAM” (family). The total matter universe shall be called “MURAM”.

IJSER
In the natural spectrum each “Family” shall be considered as having its own colour identity which are responsible for existence of ‘Billions of colour rays’ in material universe. The total Universal natural spectrum existence shall be considered as electromagnetic cord called in prehistoric Tamil as MURUKKU.

i) UV - family (BLUE BAND)
ii) RF - family (GREEN BAND)
iii) IR - family (RED BAND)
d) Philosophy of Evolved spectrum?...

In the matter universe “MUKKIL” shall be considered as naturally “CREATED SPECTRUM” in the early universe on Origin. During the course of “Space” and “Time” the three Band of spectrum shall be considered as evolved in the following “sequence” in three “nuclear age”.

i) In first stage the genetically well defined “MUKKIL” shall be considered as become “MUKKIL – PLASMA” Mukilplasma shall be considered as the “ORIGIN POINT” of becoming genetically varied new matter. In other words every matter in the universe shall be considered as evolved from “MUKKIL-PLASMA” Mukkil plasma shall also be considered as “TRANSIT STAGE” to gain “New genetic structure”

ii) Every matter in the universe shall be consistently evolved in three nuclear age and become genetically varied three main family.

(THREE STAGES OF MATTER)

e) Mukkil matter can fly?...

It is hypothesized that the 1st generation matter shall be considered having particle behaviour and capable of flying. The 2nd and 3rd generation matter shall be considered gained wave property and non-wave property subsequently. In the whole Cosmo universe
Mukkil, Mukkulam spectrum shall be considered existing under **Region III of universe** shown as below.

(i) J-Radiation --- origin  
(ii) γ-Radiation --- 1st generation spectrum.  
(iii) β-Radiation --- 2nd generation spectrum.  
(iv) α-Radiation --- 3rd generation spectrum.

It is focused that the philosophy of various cosmological term shall be considered derived from the philosophy of “**Prehistoric Tamil phonetics**”

\begin{itemize}
\item[a)] **Philosophy of Acronym “MGR”?...**
The 1\textsuperscript{st} generation human Ammuthan, Thameen shall also be called “MGR” and cabable of flying. MGR shall mean “\textit{MARS GEO RULER}”.

\end{itemize}
c) Philosophy of Muon?...

It quantum physics the term “Muon” is considered as one of the “Neutrino particles”. it is focused that the philosophy of Muon might be derived from the prehistoric tamil phonetics “MUNU”, “MUNDRU”. Munu, Mundru shall mean three fundamental particles.

\[\text{(AMMU)}\]
f) Philosophy of “MUKULAM and MULAI”?...

Medical Case study shows that spinal cord and brain is covered by three connective tissue envelope called “meninges”. It is speculated that brain shall be considered as central logic which may convey logic pulses in the form of PHOTON, ELECTRON, PROTON to the entire body of human system via spinal cord. It is focused that the Philosophy of brain, spinal cord might have been derived from the prehistoric Tamil phonetics mulai, mukulam.

(MUKULAM)

g) Philosophy of word “KISS”?...

Case study shows that the word “Kiss” refers to sign of love and concerned with LIPS. It is focused that the 1st generation human are considered as Godly persons and expert in Kiss to express the real “humanity and love”. The philosophy of kiss might be derived from the
philosophy of prehistoric Tamil phonetics “MbUTHAM”. Mutham shall mean “three-in-one” parameter gives energy for “Life”. The Philosophy of Mutham defined within the following scope.

1. Motherly kiss is **Nutrine for life**
2. Motherly kiss is **hormone for life**
3. Motherly kiss is **hope for life**

The philosophy of “MUTHAM” shall be considered as the integral part of “LIPS”, ‘TONGUE’, ‘HEART’.

h) **Philosophy of Myths?...**

Myth refers to a story from Ancient time especially one that was told to explain natural events (or) to describe the history of people (i.e.) Greek myths, Egyptian myths.

It is focused that the philosophy of “J-particles” shall be considered as God particles and considered as highly “**mystics**” and beyond normal human understanding. The philosophy of “Aether particles” focused by “TESLA” might be derived from the philosophy of “MUTHU” and still considered as myths in quantum physics. The word muthu might be pronounced dialectically as “**myths**”.
i) **Philosophy of word “Mu”?…**

It is speculated that the 12th letter of Greek alphabet might be derived from the philosophy of prehistoric Tamil phonetics “Munu”. It is focused that in quantum physics the word “Joule” is concerned with natural Cosmic energy. The joule is expressed as follows:

(a) $1 \text{ Joule} = 6200 \text{ Billion Electron Volts}$
(b) $1 \text{ Joule per Second} = 1 \text{ Watt}$
(c) $1 \text{ Calorie} = 4.2 \text{ Joule}$

It is speculated that the Philosophy of natural energy, Mu in quantum physics might have been derived from the Philosophy of three fundamental particles called in prehistoric Tamil phonetics as MUNU.

j) **Philosophy of word URINE?…**

It is speculated that the philosophy of “URINE” might be derived from the philosophy of prehistoric Tamil phonetics “MUTHIRAM” (Nuero Fluid). Muthiram shall be considered as the natural product of fundamental “neutrino particles” photon, electron, proton.
k) **Philosophy of TRINITY, TRIBE?...**

It is focused that the philosophy of Trinity, Tribe might be derived from the philosophy of prehistoric Tamil phonetics MUKKIL, MUKKULAM.

i) “Trinity” shall mean “Mukkil”

(iv) Sudra - (SC) – IR Family (RED BAND)

1) Case study on Bible?...

It is speculated that the “ANGEL” shall be considered as the 1st generation human populations are “ADAM” shall be considered as “Species” to angel populations.

Further from Biblical understanding the Cosmo universe and its radiations shall be hypothetically considered as equivalent as follows:

i) Tabernacle – Cosmo universe
ii) BAND – UV, RF, IR
iii) Pegs – SUN, EARTH, MOON

![Diagram of Tabernacle](attachment:tabernacle_diagram.png)

7. CONCLUSION:

In the whole cosmo universe “GOD” shall be considered as the Master switching centre (MSC) and every one shall be considered as “3G Roam free mobile phone” with inbuilt “SIM” identity. Everyone
shall be considered connected to GOD through Thin hair called **MUDI**. MUDI shall mean “**Electromagnetic rope**” composed three-in-one fundamental particles **photon, electron, proton**.
