Their activities and increasing success of their ideas are thought to be crucial factor behind the modern spread of technology and the largely ideological concept of the **“Information Society”**. Technocrats may be distinguished from **“econocrats”**, and **Bureaucrats** whose problem – Solution mind-sets differ from those of technocrats.

(viii) **PHILOSOPHY OF “J” IN LINGUISTICS (TRIPHTHONG WORD)**

In Tamil Language the **13<sup>th</sup> Vowel** is indicated as three tiny dot form generally pronounced as **Akkanna**. This alphabet is called as **Silent Word, Glitter Word**. This three tiny dot alphabet also in usage in other ancient language such as **Hebrews, Persian, Arabic, Sanskrit, Indus Valley Civilisation**.

**What is the philosophy of this Tiny dot alphabet?!**

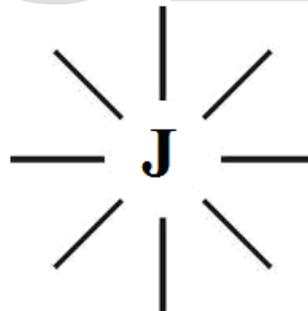

The **three “tiny dot”** alphabet shall be considered as the Prehistoric “**Scientific Code**” called Akkie Code. It is focused that the “**J**” populations when lived in **MARS** planet were expert in Astronomy, Astrophysics. They were expert in high level language through “**electromagnetic communication**” for controlling the movement of various planets. They might have designed electromagnetic communication code deriving energy from three fundamental Neutrinos **Protons, Electron, Photon**. “**AKKIE**” shall mean

prehistoric “**Triphthong**” Phonetics meaning Neutrino radiation. Akkie code shall mean Prehistoric Electromagnetic code.

**(Triphthong Word)**

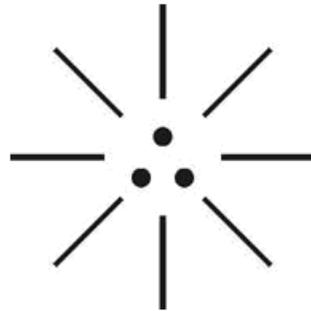

There is no current theory about existence of this **three tiny dot** alphabet. It is hypothesized by the Author that this “**Three-in-one**” tiny dot shall be considered as a Unique **Triphthong Word**” word used by “**J**” populations when lived in **MARS Planet**. The triphthong alphabet shall also be called as prehistoric “**J – code**” (Biblical reference Jn 1:1).

**(J - CODE)**

The configuration of “**J**” alphabet might have been derived from the configuration of three tiny dots.

It is further hypothesized “**J**” Population Expert in Astronomy and have formulated the relative position of **SUN, EARTH, MOON** in prehistoric time with three tiny dot.

**(SUN, EARTH, MOON)**

The Sun, Earth, Moon shall also be considered as “**Mega Star**” of the Universe (MAGI). The Sun, Earth, Moon shall be considered as having different **Neutrino Characteristics** shall be distinguished as below. Sun, Earth, Moon shall be considered rotating by deriving energy from **Neutrino radiation**.

- |   |
|---|
| (i) “ <b>MOON</b> ” - “ <b>J</b> ” Neutrino Characteristics   |
| (ii) “ <b>EARTH</b> ” - “ <b>K</b> ” Neutrino Characteristics |
| (iii) “ <b>SUN</b> ” - “ <b>A</b> ” Neutrino Characteristics  |

## CASE STUDY

- (1) The philosophy of three tiny dot alphabet usage in Hebrew, Persian, Arabic, Sanskrit, Indus Valley Civilisation shall be considered as derived from the philosophy of Prehistoric Akkie Code (J – Code)
- (2) The philosophy of word “**Akkaram**” used by Godly Poet Thiruvalluvar in “**Thirukkural**” might be derived from the philosophy of “**J**” Code. Further the

Human Ethics distinguished under three disciplines might be derived from the philosophy of distinguished Neutrino characteristics of “**Nature**”.

- (a) **PORUL** - “**J**”- Neutrino Characteristics
- (b) **INBUM** - “**K**”- Neutrino Characteristics
- (c) **ARRAM** - “**A**”- Neutrino Characteristics

(3) The philosophy of “**Muthamil**”, “**Mukkani**” culture in **Senthamil** might be derived from the philosophy of three distinguished characteristics of Neutrinos.

(4) The philosophy of “**J**” Code shall be considered as the **Law of Universe**. The **Trinity Nature** of existence of universe, matters, etc shall be considered as derived from the philosophy of three fundamental characteristics of Neutrinos.

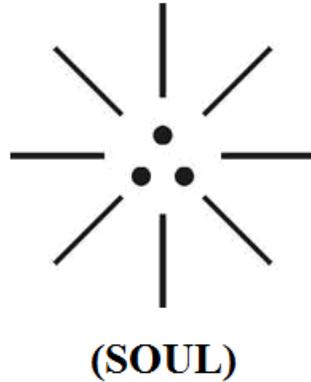

(ix) **PHILOSOPHY OF “J” IN HUMAN “SOUL”**

What does mean Soul?... In many mythological, religious conception “**Soul**” is considered as **Immortal** and of “**Divine Nature**”. Some time the word “**Soul**” and “**Spirit**” are used interchangeably.

There are so many philosophical, Scientific theories exist to describe what is soul?”..... Still research is going on to define more reality about “**Soul**”.

It is the hypothesis of the author that the word “**Soul**” shall be considered closely associated with “**Neutrino radiation**”. All **life, matters** in the “**Universe**” shall be considered as existing under “equilibrium State” due to impact of fundamental “**Neutrino Oscillation**”.

It is focused that the “**J**” **Populations** while lied in **MARS** plant were expert in **ASTROPHYSICS**” have formulated the philosophy of **Soul** with three tiny dot called Akkie Code.

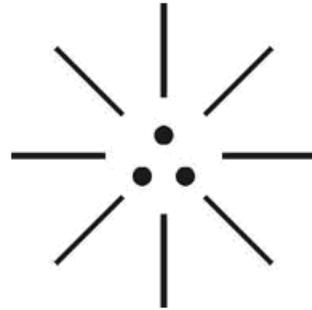

“Soul” shall be considered as **three-in-one “Micro matter”** composed of three fundamental Neutrinos. The philosophy of Soul shall be described in line with **Medical Term** as below:

- (a) **Right dot** - DNA (“J”- Neutrino)
- (b) **Left dot** - HORMONE (“K” - Neutrino)
- (c) **Centre dot-** RNA (“A” - Neutrino)

- Author

It is hypothesized by the author that every human shall be considered **three dot** in-built code and electromagnetically linked to **fundamental Neutrinos Oscillation**. The philosophy of electromagnetic link shall be apparently understood from the theory of “**SCHUMANN RESONANCE**”. From Schumann resonance focus that “**human mind** is closely associated with resonance frequency i.e. natural frequency of oscillation of particles in ionosphere.

It is hypothesized that the heart beat of human is closely tuned with fundamental **Neuro Oscillation** and any **harmonics** developed in the material universe shall seriously affect the **normal heart beat** of Human and thereby human shall be liable for **death**. The philosophy of “**ALPHA MIND**” in Schumann Resonance Theory might be derived from the philosophy of characteristics of “**J**” – Neutrino.

**(HUMAN SOUL)**

**(a) Right Dot - “Right Nipple”**

**(b) Left Dot - “Left Nipple”**

**(c) Centre dot- “NAVEL” (Umbilical Chord)**

**- Author**

The right dot shall be considered as responsible for functional part of human controlled by “**J-Neutrino**” the left dot shall be considered as responsible for structural part of human controlled by “**K-Neutrino**”, the centre dot shall be considered as responsible for law part of human (Genome) controlled by “**A-Neutrino**”. It is speculated that in prehistoric time the normal heart beat of human might be **60 pulse/minute**. During the course of expanding universe and **asymmetry** state of material universe the normal heart beat of human gradually varies and might have reached **90 pulse/minute** in **Modern time**. The **asymmetry** state of universe may be due to gradual shift of **Moon** from its axis of **Earth & Sun**. This technical aspect of asymmetry was well narrated in Previous Published article “Sciper Scientist of climate control” published in **IJSER, May issue, 2013**.

“**J**” – Neutrino shall be considered as the functional part of “**Soul**”.  
Soul is a electromagnetic link to Neutrino radiation energy for functioning of **Human Heart**..

**- Author.**

The etymology of word “**Soul**” might be originated from Prehistoric Tamil Word **AKKIE** (Chule). Akkie (Chule) shall mean “**Neutrino radiation**”.

## C A S E S T U D Y

### (x) PHILOSOPHY OF “J” IN BIBLICAL TEXT

It is hypothesised by the Author that “**AL-J**” shall be considered as the first human “**originated**” spontaneously from “**Star Dust**”. “**J**” shall be considered as the “**HEART**” of “**AL-J**” with full of **neutrino radiation**. The first human had **three chromosome** each one from three fundamental Neutrinos **Proton, Electron, Photon**.

It is hypothesized that in the origin and expanding universe, “**AL-J**” shall be considered as the first life originated and “**AL-J**” shall be considered as **ancestor** to all living organisms. Further the “**AL-J**” shall be considered as evolved at **sixth** stage in the expanding universe within the scope of **Biblical narration**.

- |         |   |  |
|---------|---|--|
| Stage 1 | - | Eternal existence of <b>Dark Flame</b> .               |
| Stage 2 | - | Evolution of <b>Anti-Neutrino</b> radiation.           |
| Stage 3 | - | Evolution of <b>Star Dust</b> Particles.               |
| Stage 4 | - | Evolution of <b>Neutrino</b> radiation.                |
| Stage 5 | - | Evolution of Natural Planets (Mars, Sun, Earth & Moon) |

Stage 6 - Evolution of Ist Life “**AL-J**”.

Further the “**J**” population shall also be called as **Devas, Angels** lived in “**MARS Planet**” even much before origin of “**ADAM**” populations. The “**J**” populations shall be considered as having different **genetic characteristics** compared to **ADAM** populations. It is speculated that “**AL-J**” shall be considered as state of Human before eating **FORBIDDEN FRUIT** and “**ADAM**” shall be considered as state of human after eating **FORBIDDEN FRUIT**. “**AL-J**” shall be considered as **SON OF GOD**, Adam shall be considered as **SON OF MAN** within the scope of Biblical understanding.

It is speculated that the Prehistoric populations (Devas, Angels) might have been totally **extinct** at one stage before new generations populations (so called modern human) started living on **Earth** planet. The prehistoric “**J**” populations shall be considered as more wise compared to Modern human and effectively controlled the movement of various planets in **Prehistoric climate change condition**. Hence they lived for **Long span of life**.

It is speculated that the **chromosome level** of organism is closely associated with “**lineage of organism**” (i.e.) more chromosome means, latter be in the lineage of evolution.

It is focused that the Prehistoric human “**AL-J**” having **three chromosome** on origin shall be considered much senior to **mosquito** and **ameaba** having higher chromosome level **6, 12** respectively.

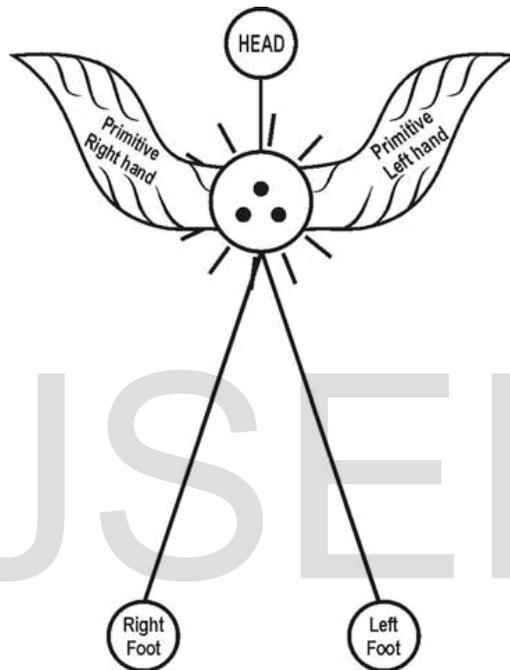

Further it is hypothesized that the occurrence of “**TRISOMY CHROMOSOME**” in modern time shall not be considered as **Down syndrome** but it shall be considered as **genetic reflection of** Trisomy Chromosome of “**AL-J**”. The philosophy of “**ALLELE**” in **medical term** shall be considered as genetic reflection of **Trisomy chromosome**.

**“AL-J”** shall mean Human Ancestor, Missing Link.

**“J”** shall mean Heart of **“AL-J”**

### **(MODEL COSMO UNIVERSE)**

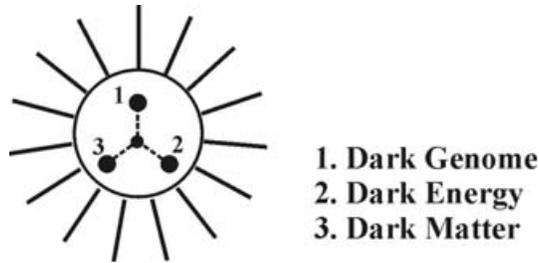

**Region I – Perfect vacuum region (Anti-Neutrinos radiation)**

**Region II – Partial vacuum region (Neutrinos radiation)**

**Region III – Observable Vacuum region (EMR radiation)**

It is focused that in quantum physics there is no existing theory for clear distinction of **dark matter, dark energy, origin of Universe**. It is hypothesized that dark flame shall be considered as the origin of Universe and considered as **ETERNAL EXISTENCE**. The dark flame shall be considered as **THREE-IN-ONE** matter composed of dark matter, dark energy, dark law (Genome) symmetrically displaced by an angle of  $120^\circ$ . The dark flame shall be considered as source of antineutrino radiation and neutrino radiation.

Further the dark matter shall be considered as responsible for functional part of Universe, the dark energy shall be considered as responsible for structural part of Universe, the dark law shall be considered as law part of Universe. In medical term the dark matter shall be considered equivalent to **DNA**, the dark energy shall be considered equivalent to **Hormone**, The dark law shall be considered equivalent to **RNA**.

### **(Model Dark Flame)**

The philosophy of “**Dark Flame**” shall be hypothetically **defined** within the following scope.

- 1) Dark Flame shall be considered as the origin of universe (Centromere).
- 2) Dark Flame shall be considered as the “**Eternal Existence**” and **Creative Product**.
- 3) Dark Flame shall be considered as “**Eternal Seed**” composed of “**Three-in-one**” element **DNA, HORMONE, RNA**.
- 4) Dark Flame shall be considered as source of Dark radiation, the smallest unit of radiation shall be called as “**DARK RAY**”.
- 5) Dark flame shall be considered as composed of three fundamental Anti-Neutrinos, i.e. **Anti-Proton, Anti-electron, Anti-photon**. The Anti-neutrinos shall be considered as having characteristics directly opposite to the characteristics of fundamental Neutrinos **Proton, Electron, Photon**.

#### **(xi) PHILOSOPHY OF RADIATION MATTER?**

In quantum physics **Atom** is defined as the smallest unit of **matter** which is composed of three sub-atomic particles **Proton, Neutron, Electron**. **If so, what is Radiation?.... Radiation is Matter (or) not?....**

It is hypothesized by the author that the state of Radiation also shall be considered as “**Micro Matter**”. It is focused that the existence of Anti-neutrino

Radiation, Neutrino Radiation, Electromagnetic Radiation, Vapour, shall be considered as different matter existing in the universe.

The philosophy of Anti-Neutrino Radiation, Neutrino radiation, Electromagnetic radiation, Vapur, shall be defined within the following scope.

- 1) Anti-Neutrino radiation shall be defined as the form of matter exist millions of emanating rays called **Dark Radiation**. The smallest unit of Dark radiation shall be considered as **Dark Ray**. Every dark ray shall be considered composed of “Three-in-one” fundamental **Anti-Neutrinos** having **negative mass**. The speed of each neutrino ray shall be considered traveling much more than the speed of **Light**.
- 2) Neutrno radiation shall be defined as the form of matter exist as millions of emanating rays called **Dark Radiation**. The smallest unit of **Dark Radiation** shall be considered as **Dark Ray**. Every Dark Ray shall be considered composed of “**three-in-one**” fundamental Neutrinos having “**Zero Mass**”.

Each Neutrino ray shall be considered traveling much more that the speed of **Light** but not exceeding the speed of **Anti-Neutrino Ray**.

- 3) Electromagnetic radiation shall be considered as exist in the form of matter emanating millions of white rays. The smallest unit shall be considered as ”White Ray” composed by there-in-one fundamental Neutrinos Proton, Electron, Photon having “definite positive mass”. Each white ray shall be considered traveling little more than the speed of Light.
- 4) Light shall be considered and species to electromagnetic radiation capable of traveling as the speed of  $3 \times 10^8$  meter/sec. as defined by Einstein.

## Case Study

<i>(i) Einstein was wrong: Aether exists</i>	<i>- Nikola Tesla</i>
<i>(ii) Einstein's theory have fooled the world for almost 100 years</i>	<i>- Ozo</i>
<i>(iii) Neutrinos travel one nanosecond faster than speed of Light.</i>	<i>- OPERA experiment</i>
<i>(iv) The laws of physics wouldn't change; only the universal constants.</i>	<i>- Grossman</i>
<i>(v) Einstein may not be wrong; He probably began his experiment in Region-III vacuum; But Aether exists.</i>	<i>- Author</i>

### **(xii) PHILOSOPHY OF HOLY SPIRIT, SPRIT?**

It is hypothesized by the author that Anti-Neutrino radiation emanated from “**Dark Flame**” shall be considered as **Eternal Radiation** and Neutrino radiation, Electromagnetic radiation shall be considered as “**Species Radiation**” to **Anti-neutrino radiation**. It is hypothesized that the term **Holy Spirit, Sprit** shall be distinguished within the scope of **Biblical Narration**.

- |   |
|---|
| <p><i>(i) Neutrino Radiation – “Holy Spirit”.</i></p> <p><i>(ii) Electromagnetic Radiation – “Sprit”</i></p> <p><i>- Author</i></p> |
|---|

### **(xiii) “Sprit” is different from “Soul”?**

It is hypothesized that **SOUL** and Spirit shall be distinguished having different meaning. Soul shall be considered as equivalent to “**Neutrino Radiation** and **Spirit** shall be considered as equivalent to “**Electromagnetic radiation**”. **Spirit** shall be considered derived from **Soul**. Hence **Sprit** shall be considered **Species** to **Soul**. The word **Soul** shall also be considered as equivalent to “**Aether**”, “**Black box energy**” as defined by “**TESLA**” in his experiment.

<p><i>“Soul” shall be considered having <b>Zero Mass</b> and travel faster than the speed of <b>light</b>. Spirit is considered having definite <b>mass</b> and capable of traveling not more than the speed of light. Spirit shall be considered <b>species</b> to light.</i></p>

#### **(xiv) Philosophy of “TRINITY NATURE”?**

It is hypothesized by the author that the philosophy of “Trinity Nature” might be derived from the philosophy of three fundamental **Neutrinos**. Trinity shall mean three-in-one Nature. The Philosophy of English work “**Cosmo Universe**” shall be considered derived from Prehistoric Tamil work “**AKKILEM**”. Akkilam shall mean Cosmo Universe. “**Akkilan**” shall mean Prehistoric human.

- a) “**Cosmo**” shall mean “**AKKIE**”
- b) “**Universe**” shall mean “**EZHEM**”
- c) Cosmo Universe shall mean **AKKILEM**.

- Author

“**Akkie**” shall mean **Dark radiation**” considered as composed of three fundamental Neutrinos **Photon, Electron, Proton**. “**Ezhem**” shall mean **Three-in-one**. Integrated regions of Universe composed of three different Radiations Anti-Neutrino radiation, Neutrino radiation, Electromagenetic radiation. The three radiations of the Universe shall be considered as the three **fundamental forces** of universe.

- a) Anti-Neutrino radiation - “**GRAVITY**” force
- b) Neutrino radiation - “**WEAK**” Force
- c) Electromagnetic radiation – “**STRONG**” Force

#### **(xv) Philosophy of “Real” and “Image”?**

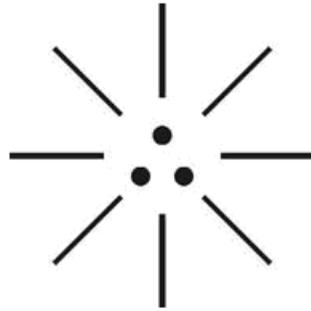

It is focused that the philosophy of REAL and IMAGE shall be considered as directly opposite in characteristics. **SATAN** shall be considered as Real and **ADAM** shall be considered as Image of Satan.

(i)

**(AL-J)**

(ii)

**(ADAM)**

Within the scope of Biblical translation It is hypothesized by the author that the word **ADAM and RAM** shall be closely related (Bible reference Gen 22:13). **ADAM, RAM** shall be considered as human whereas **SATAN** shall be considered as **SUPER HUMAN**.

#### **(xvi) Philosophy of English word LORD AND GOD**

The English word God is identical with the Anglo-Saxon word **Good** and therefore it is believed that the name God refers to the divine goodness. Further the word God goes back down to Germanic to Indo-European, in which a corresponding ancestor form meant invoked one. The word God, Lord normally means supreme being. There are so many theories about etymology of word lord and god.

It is hypothesized by the author that the word **LORD** and **GOD** might have been derived from the prehistoric Tamil phonetic.

- (i) The word lord might be derived from the Tamil phonetic **EZHEM, ESEN**. Ezhem, Esen shall mean **dark flame**. The philosophy of dark flame might be derived from the prehistoric Tamil phonetic **KARITHIRI**. Karithiri shall mean dark flame or dark radiation.
- (ii) The word **GOD** might be derived from the prehistoric Tamil phonetic **KODU, KODAI**. Kodu, Kodai shall mean **YIELD**.
- (iii) The word **GOD** might be derived from the philosophy of **LORD**. Lord shall mean supreme to God.

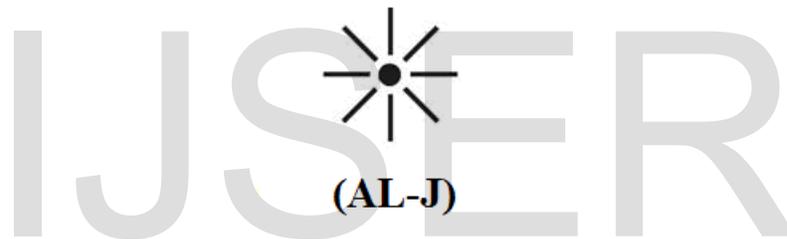

Further the distinction between Lord, God, Human shall be apparently focused within the scope of Biblical translation. Lord shall mean **DARK FLAME**; God shall mean **AL-J**; Human shall mean **ADAM**.

The philosophy of **LORD, GOD, JESUS** shall be distinguished and considered equivalent to three different regions of “**Cosmo radiations**” within the scope of Biblical narration.

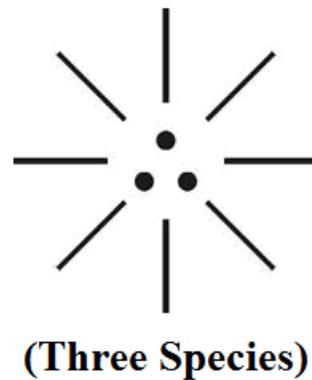

### (xvii) Human has species?

It is hypothesized that Human had three species to “**AL-J**”. “**AL-J**” shall be considered as **Human Ancestor, Missing Link**, within the scope of Biblical Narration.

i)

ii)

- a) Centre dot (1<sup>st</sup> Species) - “**ADAM**” population (Devas Angels)
- b) Left dot (2<sup>nd</sup> species) - “**NOAH**”populations (Dravidian origin)
- c) Right dot (3<sup>rd</sup> species) - “**CHRIST**” population (Aryan origin)

“**AL-J**” shall be considered as Three-in-one “**SEED**” (TRIPHTHONG Word) of “**LIFE**” (Biblical reference Jn 1:1).

“**J**” – Populations shall be considered as “**Godly**” persons lived before “**ADAM**” populations within the scope of Biblical narration. **ADAM** Population shall be considered as “**TRANSFORMED**” status and become “**1<sup>st</sup> human species**”.

#### **(xviii) ADAM Sons married Angels?**

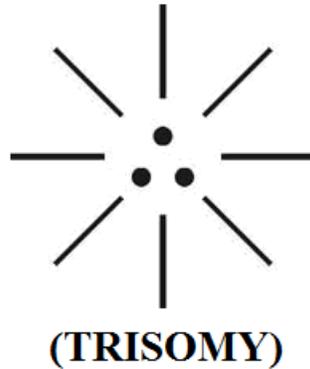

It is hypothesized that **ADAM** Sons **Coin, Seith** might have married Angels (Gen) and Adam populations might be multiplexed thereafter. (Gen 4:17)

The **ANGELS** shall be defined within the following scope.

- (i) Angles shall be considered as **Proto-Adam** populations.
- (ii) Angles shall be considered as having “**Winged Personality**”.
- (iii) Angles shall be considered as having only “**Three chromosome**” on origin.
- (iv) Angles shall be considered as “**Thirde Genger**” persons (i.e.) Integral form of both “**Male**” and “**Female**”.
- (v) Angles shall be considered as Mars population (i.e.) lived in **MARS Planet** in Prehistoric time.
- (vi) Angles shall be considered “**Transcendence Status**” between “**AL-J**” population and **Adam** populations within the scope of Biblical Narration.

#### **(xix) Philosophy of “Third Gender”?**

It is hypothesized that the Prehistoric “**AL-J**” populations are expert in **Astro Physics, Biilological Science**. It is focused that they formulated the “**Three Chromosome**” life as mentioned below. The “**AL-J**” human shall also be called as “**TRISOMY**” human in prehistoric time.

In the **Genetic Structure** of above three chromosome the **centre dot** shall be considered as **“Sex Chromosome”**, the bottom two chromosome (both Left and Right Dot) shall be considered as **“Autosomes”**. It is speculated that during origin of **Adam** populations the **“third gender”** might have transformed into independent **Male** and **Female** gender populations.

- a) Centre dot - both **“Male & Female”** gender.
- b) Left dot - **“Female”** gender
- c) Right dot - **“Male”** gender

### (xx) What is blood “AL-J”?

Modern human has Four main types of blood group (i.e.) **A, B, AB, O**. If so what was the first type originated?... There is no current theory that which blood type was originated.

It is hypothesized that the blood type of **“AL-J”** might be single type **“AB”**. How human blood, cells are formed?...

It is hypothesized than human blood, human cells shall be considered as the **“Product of Neutrino radiation”**. Further it is focused that the colour of blood of **“AL-J”** might be **“dark”** as it was evolved of **“Dark radiation”**. It is further speculated that the four blood constituents **PLASMA, PLATELETS, RED CORPSULES, WHITE CORPSULES** might have been originated in different stages due to impact of different

**“Cosmo radiations”** Anti-Neutrino radiation, Neutrino radiation, Electromagenetic radiation during the course of time.

(a)

**(AB Type Blood Origin)**

(b)

It is focused that **“AB”** type shall be considered as the Blood Origin and other types **A, B, O** shall be considered as **Species blood type** to fundamental **AB** type (Universal Acceptor).

The **“Three Species”** type blood shall be narrated as below.

- a) Centre dot (1<sup>st</sup> Species) - **“AB”** (Anti-Neutrino radiation)
- b) Left dot (2<sup>nd</sup> species) - **“AB, A, B** (Neutrino radiation)
- c) Right dot (3<sup>rd</sup> species) - **“AB, A, B, O** (Electromagenetic radiation)

It is further hypothesized that the three fundamental neutrinos responsible for formation of four blood constituents shall be indicated as below.

- a) “**Plasma**” - STAR DUST Origin
- b) “**Platelets**”- **Photon** Neutrino (“A”)
- c) “**Red Corpsules**” – **Electron** Neutrino (“K”)
- d) “**White Corpsules**” – **Proton** Neutrino (“J”)

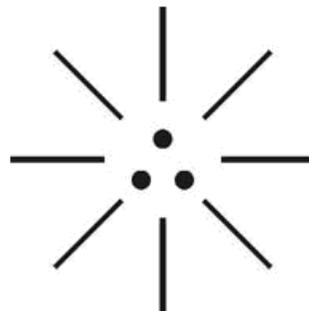

The different Magnetic properties of blood shall also be considered existing due to impact of three fundamental Neutrinos.

- a) Ferromagnetic effect - **Photon** Neutrino (“A”)
- b) Diamagnetic effect - **Electron** Neutrino (“K”)
- c) Paramagnetic effect - **Proton** Neutrino (“J”)

### (xxi) The philosophy word “TRIBE”?

The word **Tribe** normally used to represent the group of people or society having similar custom, culture. In human anthropological science there are so many classified **Tribes**.

It is hypothesized that the word **Tribe** shall be considered to be closely associated With “**Electromagnetic Spectrum**” rather than **human races**. It is focused that every human in the universe shall be considered as a “**RAY**” in the spectrum of radiation. It is speculated that Billions of human in the world shall be covered under three regions of electromagnetic spectrum (i.e.) **UV Region, Visible Region, IR Region**. In prehistoric time the regions of spectrum might have been formulated with three **tiny dot** as follows. In prehistoric time the electromagnetic spectrum might be called as “**AKKIE**”.

**(TRIBE)**

- a) Centre dot - UV Region
- b) Left dot - Visible Region
- c) Right dot - IR Region

It is further focused that the human populations living under different regions of spectrum shall be considered **Genetically** variant such different human structures, different hair colour, different skin colour, different eye Iris colour.

It is focused that **BLUE, GREEN, RED** shall be considered as the three fundamental colours. Billions of other colours shall be considered as **Species Colour** to the three fundamental colour. It is focused that **BLACK, BROWN, WHITE** shall not be considered as “Colour” and it shall be considered as sources of different radiation.

- a) **BLACK** - **Photon** Neutrino (“A”)
- b) **GREEN** - **Electron** Neutrino (“K”)
- e) **RED** - **Proton** Neutrion (“J”)

**“RAY” BECOME “RACE”** in human Anthropology.

(xxii) **Philosophy “J” in Mayan Civilisation:** In Ancient time the Mayan civilization shall be considered as advanced civilization. Mayan Practice of Astronomy shall be considered as **wise** who studies **“Heaven”**. The Mayan Priest – Astronomers had a great amount of power, the knowledge of the patterns of the **Sky** and of Mathematics that solve more complex patterns, led them to an exalted position of **Mayan Society**. They had knowledge about the sky in order to know the **Hour** and to predict when the **“Sun would rise again”**.

The prime example of Mayan **buildings and Temple Cultures** is the astronomical orientation of the building called **“J – BUILDING** at **Monte Alban** which was built around **275 B.C.E.** The building was constructed in arrow shape, and **Aveni** found that **five** of the brightest **stars** in the sky would at that time set approximately at the point of the arrow. Similarly Mayan cities all shows signs of astronomical orientation in construction of buildings. Each window is aligned with corresponding to **celestial event**.

**“AL-J”** Technology and culture shall be considered as more superior to ancient **Mayan culture**. **Mayan is Tamil based Indian?!....** Probably **“Mayandi”** might have changed his name as Mayan for numerological reason.

- Author.

(xxiii) **Philosophy of “J” in Amulet Technology:** It is focused that the philosophy of Amulet Technology in Computer HTML Programming with GUI (Graphical user Interface) design software might be derived from the philosophy of prehistoric electromagnetic communication technology. The etymology of word “Amulet” might be derived from the Prehistoric Tamil Phonetics “AMMU”. Ammu shall mean “MOTHER SUPREME”. “J” shall mean **Godly Child**.

The philosophy of “AMMU” shall alternatively mean “J”.

## 10. CONCLUSION

In language and Anthropological history it is focused that the English Word “**J**” might be derived from Prehistoric Tamil Phonetics, “**CHEP**”, “**CHEYA**” rather than **Sanskrit, Indo-Europe** origin.

- (2) “**AL-J**” shall mean Prehistoric Tamil based Indian lived in **MARS** planet.
- (3) “**AL-J**” shall mean cosmo super star.
- (4) “**AL-J**” shall mean super scientist.
- (5) “**AL-J**” shall mean Human Ancestor.
- (6) “**AL-J**” shall mean Missing Link.

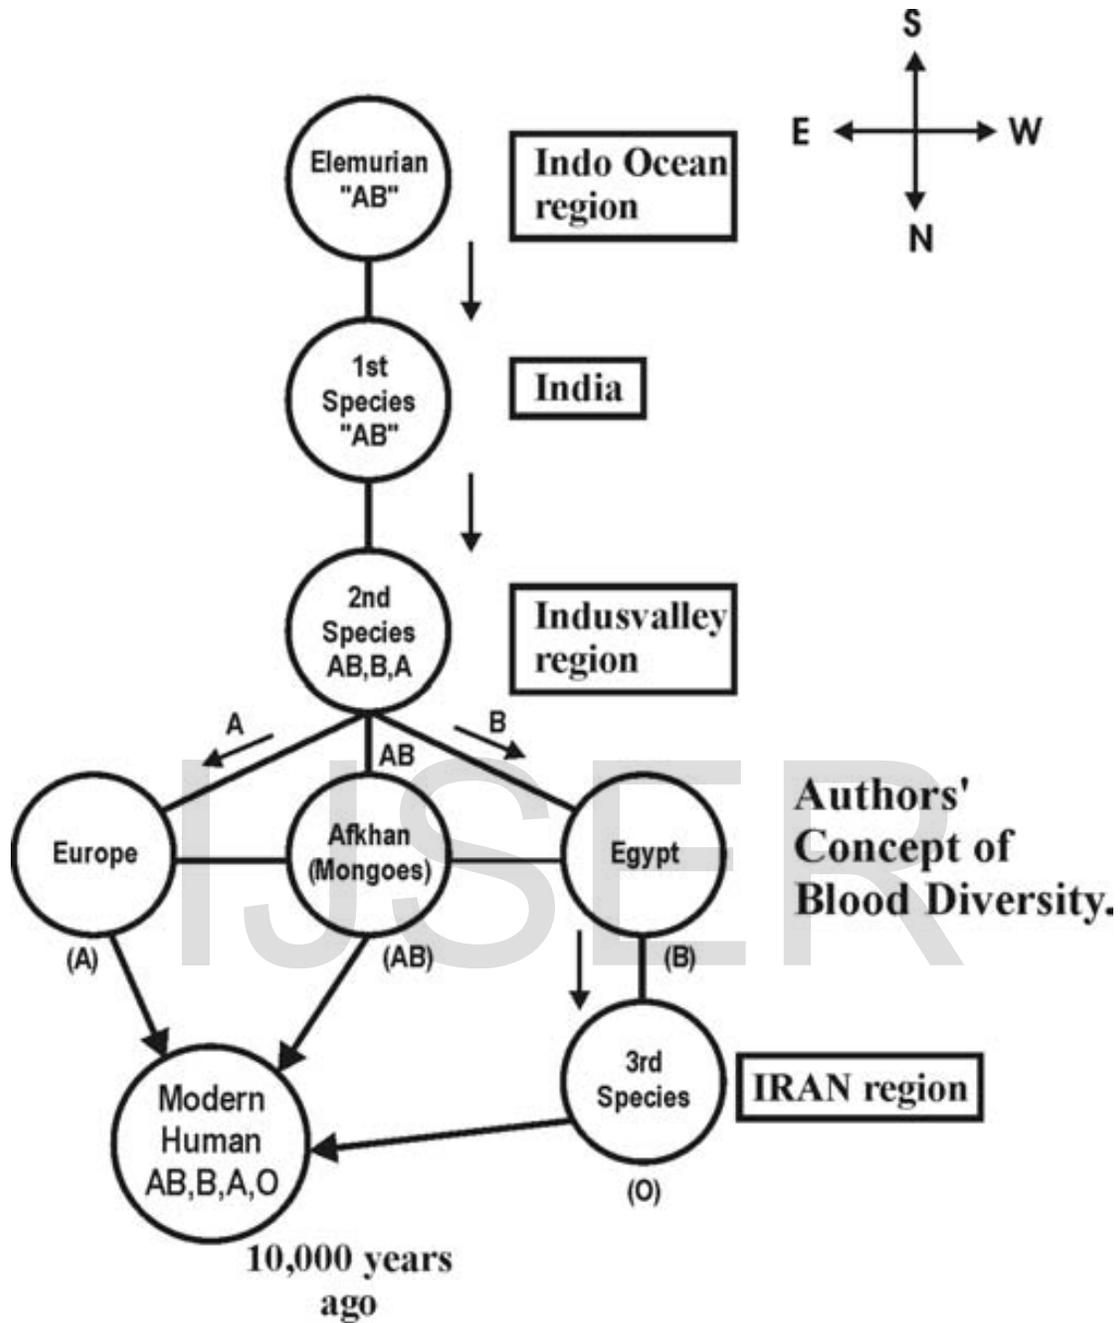

### Hypothetical blood diversity

It is hypothesized by the author that from prehistoric time to modern time there may be three states of blood group might have been evolved due to impact of electromagnetic radiation. ‘O’ type blood (universal donor) might be evolved during modern period.

- i. Stage i – AB type only (MARS TRIBE)
- ii. Stage ii – AB, A, B (DRAVIDIAN ORIGIN)
- iii. Stage iii – AB, A, B, O (ARYAN ORIGIN)

It is focused that in the lineage of evolution all the four type of blood might not have been evolved at one stretch and might be evolved in phased manner. It is speculated that the origin of Dravidian population shall be considered much earlier to the origin of Aryan population.

**ABORIGINAL** shall mean **AB+ORIGINAL** i.e. AB type blood shall be considered as evolved on origin. It is focused that the blood type of prehistoric human shall be considered as **AB** type (Universal Acceptor).
