### **1. ABSTRACT**

The universe is believed to have existed around **13.7** billion years ago. The Universe was originated from cloud of **STAR DUST**”, and continuously **expanding** as per current Model of **Big Bang** theory. But there is no current theory about what **Stardust** means?.... **What is the chemical composition of Star Dust?....**

The scientific research on this article tries to focus the philosophy of “**Star Dust**” and its composition “**Energy**” is felt required for expansion of universe. If so where the energy has come from?....

The Research on this article focus that “**DARK CELL**” shall be considered as the **Eternal Existence** emanating **Dark radiation**. Dark cell is a divine nature?... The Dark cell shall be considered as “**Origin**” and the source of Dark radiation which provides

**energy** for expansion. The planets like **MARS, SUN, EARTH, MOON** shall also be considered deriving energy for its rotation on its axis.

The “**Dark Radiant Energy**” shall also be considered as “**Aether Energy**” in quantum physics as focused by “**TESLA**”. The electromagnetic radiation (EMR) as focused by “**EINSTEIN**” shall be considered as species to so called **Aether Energy (Black Box Energy)**.

It is speculated that the philosophy of “**Dark Cell**” provides solutions in unsolved mysteries to existing current theories such as **Neutrino Oscillation, Model Universe, Unified theory for fundamental forces, Origin of Life** etc.

It is focused that the “**Dark Cell**” shall also be considered as “**DARK SOUL**” of the entire **COSMO UNIVERSE**.

CELL shall mean SOUL and vice versa. - Author

Philosophy of **Soul**, Philosophy of **Stardust**, philosophy of **AL, ATHI, AKKIE, ETHI**, philosophy of **Neutrino Oscillation** philosophy of **Alien-Tribe**, Model Cosmo Universe, philosophy of Dark flame, philosophy of radiation matter, philosophy of Primary and Secondary “**Cell**” Uni-cell, Tri-cell, Human cell, Electric cell, Mars Cell, Human Soul, philosophy of Trinity cell, philosophy of electromagnetic spectrum.

## **3. INTRODUCTION**

In Biological Science still there is mystery about **origin of life** and missing link. There are so many controversial theories between **Biogenist** and **Abiogenist**. Miller

The electromagnetic radiation in Astrophysics shall be considered as “**white radiation**” and species to dark radiation having different properties.

It is speculated that spontaneous origin of Life probably might not be possible due to lightning, but it can be possible due to impact of **Dark Radiation** emanated from “**DARK CELL**”. The lightning radiation shall be considered as **species** to Dark radiation. Dark radiation shall be considered as having different physical, chemical, mathematical properties compared to artificial laboratory lightning.

It is focused that the first human originated shall be considered as “**ALIEN TRIBE**”. Alien Tribe shall mean human evolved of dark radiation from stardust. Alien Tribe shall also mean **stardust human**.

It is speculated that the Prehistoric human originated spontaneously from **star dust particles**. The star dust particles shall also be called as **God Particles**. The **Alien Tribe** population shall be considered as living in MARS planet even much before origin of **ADAM and EVE** population. The **Alien Tribe** population shall also be called as **DEVAS, ANGELS** within the scope of Biblical translation. It is focused that ADAM and EVE population shall be considered as species to **Alien Tribe** population.

The Alien Tribe populations shall be considered as great **astronomers**, Expert in **Astro Physics**, and communicated with high level language in **Code Form** called **Akkie Code**.

## **5. HOW “ALIEN - TRIBE” POPULATION LOOK LIKE?**

The Prehistoric human “**ALIEN - TRIBE**” had only three chromosome on origin derived each one from fundamental star dust particles. “**ALIEN - TRIBE**” lived in **MARS** planet with different genetic structure in different environment condition before Modern human populations started living on **EARTH** Planet. They also shall be considered as **Godly Person, Star Human**.

*“ALIEN - TRIBE” shall mean Human ancestor, Missing Link*

*- Author*

It is speculated that the Prehistoric populations (Devas, Angels) might have been totally **extinct** at one stage before new generations populations (so called modern human) started living on **Earth** planet. The prehistoric “**ALIEN TRIBE**” populations shall be

considered as more wise compared to Modern human and effectively controlled the movement of various planets in **Prehistoric climate change condition**. Hence they lived for **Long span of life**.

**- Author**

In quantum physics there is no definite theory about stipulation of fundamental Neutrino Particles which are responsible for Neutrino Radiation. It is focused that the “**star dust**” contains three fundamental Neutrino Particles Photon, Electron, Proton. These three fundamental particles shall also be called as “**Godly particles**”. These godly

particles have **no mass** but having charge properties and capable of travel “**faster**” than speed of **light**. The EMR shall be considered as composed of three species neutrino particles PHOTON, ELECTRON, PROTON having **definite mass** and travels not faster than speed of light.

(iii) **Philosophy of “J” in Mathematics:**

In Mathematical calculations related to space the philosophy of symbol **i**, **j**, **k** for “**imaginary**” numbers might be derived from the philosophy of **J**, **K**, **A**

Further the philosophy of logogram, natural logarithm symbol (e), Euler’s constant symbol (pie) might be derived from the philosophy of prehistoric **three tiny dot AKKIE CODE**.

(iv) **Philosophy of “J” in Music**

It is believed that **“Music”** shall be something concerned with **System of Sounds**. There are so many theories about philosophy and origin of Music **Charles Darwin Sir** focused that the first music might be originated from **Hominid Orign**.

It is hypothesized that Music is associated with sound alone. It is something beyond the Sound Philosophy. In fact **Music** shall be considered originated from **“SILENCE”**. It is hypothesized that **Music** shall be considered as systematic organized sound originated from **“Stardust” radiation** which consists of three fundamental Neutrinos **Photon, Electron, Ptoron**. The Star Dust Radiation shall also called as **“AKKIE”**. Hence the first music originated shall be called as **“AKKIE MUIC”**.

#### (v) Philosophy of Soul

It is focused that the philosophy of soul might be derived from the philosophy of cell. The cell shall be considered as **THREE-IN-ONE** neutrino radiation which consists of three fundamental neutrinos Proton, Electron, Photon.

As per current theory the term cell is viewed as tiny chamber. In biological term cell is considered as smallest unit of tissue which consists of DNA, HORMONE, RNA. In Electrical Engineering Cell is referred to a body which consists of three parameters i.e. Anode, Cathode, Electrolyte. The word celestial body refers to heavenly body. Celluloid is considered as a product of flammable property.

It is hypothesized by the author that the word **CELL** shall be referred to three fundamental neutrinos emanated from stardust. The stardust shall be considered as billions of dust particles and each particle shall be considered as a **CELL**. In other words stardust shall be considered as a **SOUL** which emanates billions of neutrino

rays. The smallest unit of neutrino radiation shall be considered as single ray which consists of **THREE-IN-ONE** neutrino particles PHOTON, ELECTRON, PROTON. Hence, the cell shall be considered as smallest unit of soul. The polarity of **NEUTRINO CELL** shall be stipulated as below.

**(NEUTRINO CELL)**

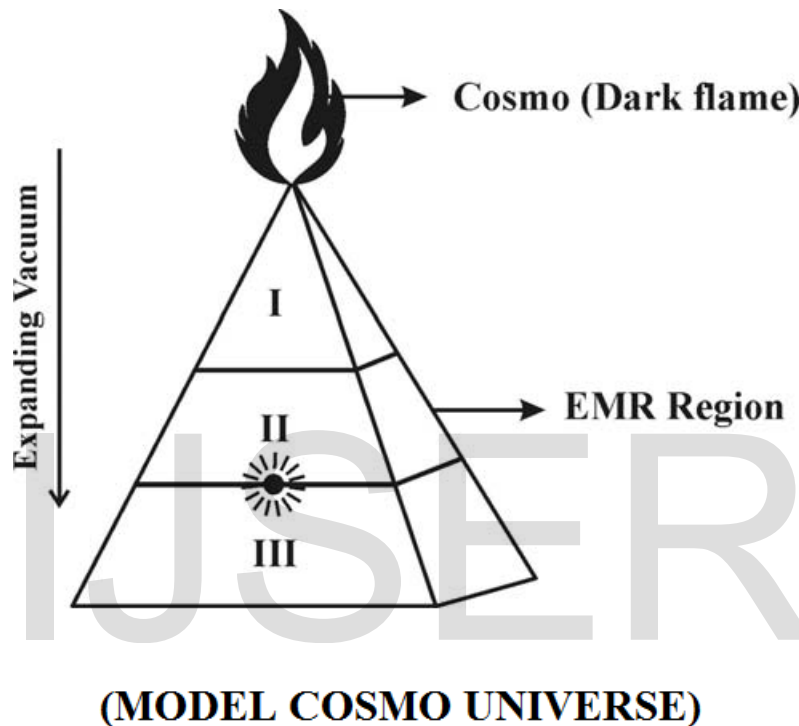

- (a) Right dot – Proton Neutrino (+ve Polarity)
- (b) Left dot – Electron Neutrino (-ve Polarity)
- (c) Center dot – Photon Neutrino (0, Neutral Polarity)

It is focused that the first human “**ALIEN TRIBE**” shall be considered as spontaneously evolved due to impact of **neutrino radiation** emanated from **stardust**. The **NEUTRINO CELL** shall be considered as **SOUL** of the “**ALIEN TRIBE**”. Further **TRIBE** population shall be considered as species to Alien Tribe subsequently evolved due to impact of electromagnetic radiation (EMR). The electromagnetic radiation shall be considered as species to neutrino radiation. The **ELECTROMAGNETIC CELL** shall be considered as the **SOUL** of Tribe population. The electromagnetic cell composed of three fundamental neutrinos PHOTON, ELECTRON, PROTON with **definite mass**.

(vi) **Philosophy of Universe-Cell**

It is hypothesized that the model Cosmo Universe shall be considered as tripod like closed container with triangular base. The SUN, EARTH, MOON shall be considered as three corners pillar of the base of Cosmo Universe. The **dark cell** shall

be considered as origin of Universe which is composed of billions of particles emanating antineutrino radiation. The smallest unit of dark cell shall be considered as single dot ray composed of **THREE-IN-ONE** antineutrinos i.e. PHOTON, ELECTRON, PROTON. The antineutrinos shall be considered as having exactly opposite characteristics to the fundamental neutrinos.

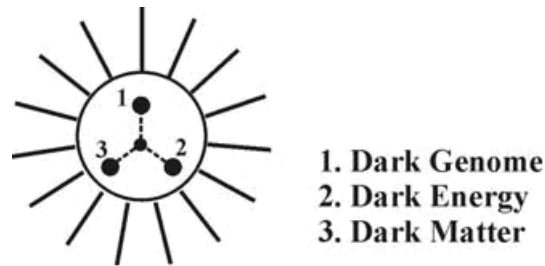

- Region I – Perfect vacuum region (Anti-Neutrinos radiation)**
- Region II – Partial vacuum region (Neutrinos radiation)**
- Region III – Observable Vacuum region (EMR radiation)**

It is focused that in quantum physics there is no existing theory for clear distinction of **dark matter, dark energy, origin of Universe**. It is hypothesized that dark flame shall be considered as the origin of Universe and considered as **ETERNAL EXISTENCE**. The dark flame shall be considered as **THREE-IN-ONE** matter composed of dark matter, dark energy, dark law (Genome) symmetrically displaced by an angle of  $120^\circ$ . The dark flame shall be considered as source of antineutrino radiation and neutrino radiation.

Further the dark matter shall be considered as responsible for functional part of Universe, the dark energy shall be considered as responsible for structural part of Universe, the dark law shall be considered as law part of Universe. In medical term the dark matter shall be considered equivalent to **DNA**, the dark energy shall be considered equivalent to **Hormone**, The dark law shall be considered equivalent to **RNA**.

### **(Model Dark Cell)**

The **DARK CELL** shall be composed of three cell element with definite polarity.

- (a) **DARK MATTER** – Positive polarity
- (b) **DARK ENERGY** – Negative polarity
- (c) **DARK LAW (Genome)** – Zero, Neutral polarity

The philosophy of “**Dark Cell**” shall be hypothetically **defined** within the following scope.

- 1) Dark cell shall be considered as the origin of universe (Centromere).
- 2) Dark cell shall be considered as the “**Eternal Existence**” and **Creative Product**.
- 3) Dark cell shall be considered as “**Eternal Seed**” composed of “**Three-in-one**” element **DNA, HORMONE, RNA**.
- 4) Dark cell shall be considered as source of Dark radiation, the smallest unit of radiation shall be called as “**DARK RAY**”.
- 5) Dark cell shall be considered as composed of three fundamental Anti-Neutrinos, i.e. **Anti-Proton, Anti-electron, Anti-photon**. The Anti-neutrinos shall be

considered as having characteristics directly opposite to the characteristics of fundamental Neutrinos **Proton, Electron, Photon.**

(vii) **PHILOSOPHY OF RADIATION MATTER?**

In quantum physics **Atom** is defined as the smallest unit of **matter** which is composed of three sub-atomic particles **Proton, Neutron, Electron.** If so, what is **Radiation?.... Radiation is Matter (or) not?....**

It is hypothesized by the author that the state of Radiation also shall be considered as “**Micro Matter**”. It is focused that the existence of Anti-neutrino Radiation, Neutrino Radiation, Electromagnetic Radiation, Vapour, shall be considered as different matter existing in the universe.

The philosophy of Anti-Neutrino Radiation, Neutrino radiation, Electromagnetic radiation, Vapur, shall be defined within the following scope.

- 1) Anti-Neutrino radiation shall be defined as the form of matter exist millions of emanating rays called **Dark Radiation.** The smallest unit of Dark radiation shall be considered as **Dark Ray.** Every dark ray shall be considered composed of “Three-in-one” fundamental **Anti-Neutrinos** having **negative mass.** The speed of each neutrino ray shall be considered traveling much more than the speed of **Light.**
- 2) Neutrno radiation shall be defined as the form of matter exist as millions of emanating rays called **Dark Radiation.** The smallest unit of **Dark Radiation** shall be considered as **Dark Ray.** Every Dark Ray shall be considered composed of “**three-in-one**” fundamental Neutrinos having “**Zero Mass**”.

Each Neutrino ray shall be considered traveling much more than the speed of **Light** but not exceeding the speed of **Anti-Neutrino Ray.**

- 3) Electromagnetic radiation shall be considered as exist in the form of matter emanating millions of white rays. The smallest unit shall be considered as "White Ray" composed by there-in-one fundamental Neutrinos Proton, Electron, Photon having "definite positive mass". Each white ray shall be considered traveling little more than the speed of Light.
- 4) **Light** shall be considered and species to electromagnetic radiation capable of traveling as the speed of  $3 \times 10^8$  meter/sec. as defined by **Einstein**.

(viii) **PHILOSOPHY OF HOLY SPIRIT, SPIRIT?**

It is hypothesized by the author that Anti-Neutrino radiation emanated from "**Dark Flame**" shall be considered as **Eternal Radiation** and Neutrino radiation, Electromagnetic radiation shall be considered as "**Species Radiation**" to **Anti-neutrino radiation**. It is hypothesized that the term **Holy Spirit, Sprit** shall be distinguished within the scope of **Biblical Narration**.

(i) *Neutrino Radiation – "Holy Spirit (Dark radiation)"*.

(ii) *Electromagnetic Radiation – "Spirit (White radiation)"*

- Author

(ix) **"Spirit" is different from "Soul"?**

It is hypothesized that **SOUL** and Spirit shall be distinguished having different meaning. Soul shall be considered as equivalent to "**Neutrino Radiation** and **Spirit** shall be considered as equivalent to "**Electromagnetic radiation**". **Spirit** shall be considered derived from **Soul**. Hence **Sprit** shall be considered **Species** to **Soul**. The word **Soul** shall also be considered as equivalent to "**Aether**", "**Black box energy**" as defined by "**TESLA**" in his experiment.

*“Soul” shall be considered having **Zero Mass** and travel faster than the speed of **light**. Spirit is considered having definite **mass** and capable of traveling not more than the speed of light. Spirit shall be considered **species** to light. In quantum physics **TESLA REGION (Region-II)** shall be considered as **Soul**; **Einstein Region (Region-III)** shall be considered as **spirit**.*

*- Author*

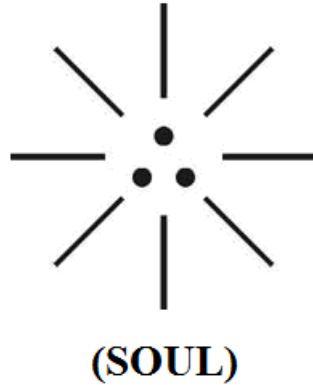

(x) **PHILOSOPHY OF “J” IN HUMAN “SOUL”**

What does mean Soul?... In many mythological, religious conceptious **“Soul”** is considered as **Immortal** and of **“Divine Nature”**. Some time the word **“Soul”** and **“Spirit”** are used interchangeably.

There are so many philosophical, Scientific theories exist to describe what is soul?“..... Still research is going on to define more reality about **“Soul”**.

It is the hypothesis of the author that the word **“Soul”** shall be considered closely associated with **“Neutrino radiation”**. All **life, matters** in the **“Universe”** shall be considered as existing under **“equilibrium State”** due to impact of fundamental **“Neutrino Oscillation”**.

It is focused that the **“J” Populations** while lied in **MARS** plant were expert in **ASTROPHYICS”** have formulated the philosophy of **Soul** with three tiny dot called Akkie Code.

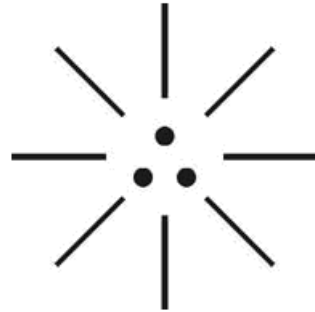

“Soul” shall be considered as **three-in-one “Micro matter”** composed of three fundamental Neutrinos. The philosophy of Soul shall be described in line with **Medical Term** as below:

- (a) **Right dot** - DNA (“J”- Neutrino)
- (b) **Left dot** - HORMONE (“K” - Neutrino)
- (c) **Centre dot-** RNA (“A” - Neutrino)

- Author

It is hypothesized by the author that every human shall be considered **three dot** in-built code and electromagnetically linked to **fundamental Neutrinos Oscillation**. The philosophy of electromagnetic link shall be apparently understood from the theory of “**SCHUMANN RESONANCE**”. From Schumann resonance focus that “**human mind** is closely associated with resonance frequency i.e. natural frequency of oscillation of particles in ionosphere.

It is hypothesized that the heart beat of human is closely tuned with fundamental **Neuro Oscillation** and any **harmonics** developed in the material universe shall seriously affect the **normal heart beat** of Human and thereby human shall be liable for **death**. The philosophy of “**ALPHA MIND**” in Schumann Resonance Theory might be derived from the philosophy of characteristics of “**J**” – Neutrino.

**(HUMAN SOUL)**

**(a) Right Dot - “Right Nipple”**

**(b) Left Dot - “Left Nipple”**

**(c) Centre dot- “NAVEL” (Umbilical Chord)**

**- Author**

The right dot shall be considered as responsible for functional part of human controlled by “**J-Neutrino**” the left dot shall be considered as responsible for structural part of human controlled by “**K-Neutrino**”, the centre dot shall be considered as responsible for law part of human (Genome) controlled by “**A-Neutrino**”. It is speculated that in prehistoric time the normal heart beat of human might be **60 pulse/minute**. During the course of expanding universe and **asymmetry** state of material universe the normal heart beat of human gradually varies and might have reached **90 pulse/minute** in **Modern time**. The **asymmetry** state of universe may be due to gradual shift of **Moon** from its axis of **Earth & Sun**. In Prehistoric time there might not be any tilte and the axial tilte of earth might have occurred in ancient time due to gradual shift of Moon from the axis of Sun and Earth. This technical aspect of asymmetry was well narrated in Previous Published article “Super Scientist of climate control” published in **IJSER, May issue, 2013**.

*“J” – Neutrino shall be considered as the functional part of “Soul”.  
Soul is a electromagnetic link to Neutrino radiation energy for  
functioning of **Human Heart**..*

*- Author.*

The etymology of word “**Soul**” might be originated from Prehistoric Tamil Word **AKKIE** (Chule). Akkie (Chule) shall mean “**Neutrino radiation**”.

## CASE STUDY

- 1) Human “**Souls**” are immortal. - **Thomas Aquinas Catholic Theologian.**
- 2) All biological organisms have “**souls**”.- **All Regions.**
- 3) “**Soul**” has an affinity for negative thoughts and images whereas “**Spirit**” seeks to rise above the entanglements of life and death. - **James Hillman, Psychologist.**

- 7) Spirit is a command from **Allah** (God). - **Quran**

### (xi) **PHILOSOPHY OF PRIMARY AND SECONDARY CELL**

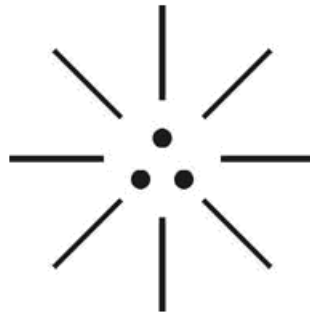

It is hypothesized that the dark cell shall be considered as primary cell and the secondary cell shall be considered as species cell evolved from primary cell. The philosophy of primary cell and secondary cell is narrated below. The **PRIMARY CELL** shall be considered as the source of **dark radiation**.

(a)

**(Primary Cell)**

(b)

**(Secondary Cell)**

(2) It is focused that the **SECONDARY CELL** evolved from dark cell shall be considered as having **three** different types of cells i.e. **BLACK CELL, BROWN CELL, WHITE CELL**. In human anthropology black cell shall be considered as the soul of **DEVAS, Angels** populations, the brown cell shall be considered as the soul of **Dravidian** population, the white cell shall be considered as the soul of **Aryan** population. It is focused that in human evolution **DEVAS, Angels, Dravidian** population, **Aryan** population shall be considered as three species to **ALIEN TRIBE** population and having different soul.

The philosophy of primary cell and secondary cell and its **radiation** source shall be distinguished as below.

Sl.No.	Cell type	Radiation effect	Particles of radiant energy
1.	DARK CELL	DARK ANTI NEUTRINO RADIATION	Photon, Electron, Proton <b>anti-neutrinos</b> with -ve mass.
2.	BLACK CELL	BLACK NEUTRINO RADIATION	Photon, Electron, Proton <b>Neutrinos</b> with Zero mass.
3.	BROWN CELL	BROWN NEUTRINO RADIATION	Photon, Electron, Proton <b>neutrinos</b> with little mass.
4.	WHITE CELL	WHITE ELECTRO MAGNETIC RADIATION	Photon, Electron, Proton <b>neutrinos</b> with considerable mass.

(xii) **Philosophy of “TRI-AXIS” Universe**

As per existing theories the **Cosmo Universe** is believed to have so many **solar system, galaxies, many moons**, etc. Further the distinction between the philosophy of **dark matter, dark energy** itself is not clear.

It is hypothesized that the whole Cosmo universe shall be considered having only **ONE SUN, ONLY ONE EARTH, ONLY ONE MOON**. The integral part of Sun, Earth, Moon shall be considered acting as base of Cosmo universe and its connectivity shall be considered as **TRI-AXIS**. It is focused that **MARS Planet** shall be considered as the “**SOUL**” of Material Universe (**Region III**). The Sun, Earth, Moon shall be considered deriving “**ENERGY**” for rotation from **MARS**. The **MARS** shall be considered like **Central Shaft** connected to **Tri-axis** through **gear like** system to achieve variable speed of rotation by Sun, Earth, Moon.

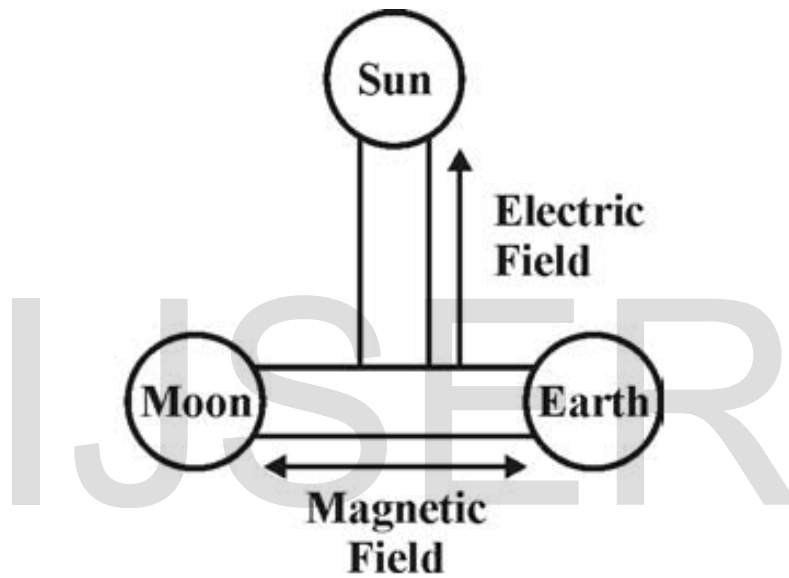

(a)

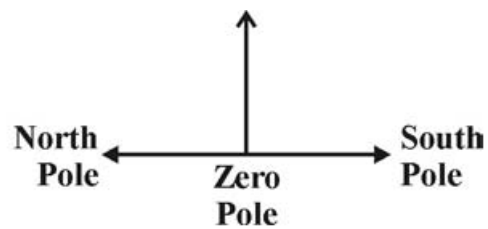

(b)

(c)

(d)

It is further hypothesized that the Sun, Earth, Moon shall be considered rotating on its axis and **never revolve** and space objects. The variable seasons,

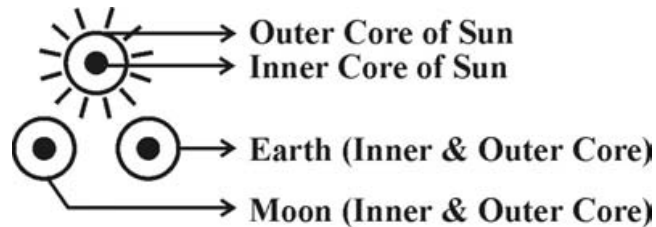

climatic conditions shall be due to “**relative position**” of **Sun, Earth, Moon**. It is hypothesized that the Inner core of Sun, Earth, Moon have different axial speed and the Inner core of Sun completes one cycle during the entire cosmological life period. It is focused that the **Microbial** variation in inner core position of Sun shall be felt or sensed after a “**long span**” of period of about **100 to 200 years**.

It is hypothesized that the consistent variation in Physical, chemical, mathematical properties of universe may be due to variant position of “**INNER CORE**” of Sun on its axis.

For purpose of understanding the one cycle of Inner Core of Sun shall be considered as “**4 Segments**”. The each segmental position on its axis shall be indicated as below.

- a) Segment 1 - **Prehistoric period**
- b) Segment 2 - **Ancient period**
- c) Segment 3 - **Modern period**
- d) Segment 4 - **Post modern period**

i)

ii)

S.No	Core Name	Cycle of operation
1.	Sun Inner Core	226 million year per cycle
2.	Sun Outer Core	Polar, Equator cycle, Solar cycle
3.	Earth Inner Core	366 days per cycle
4.	Earth Outer Core	24 hours per cycle
5.	Moon Inner Core	11 year (Lunar) per cycle
6.	Moon Outer Core	30 days per cycle

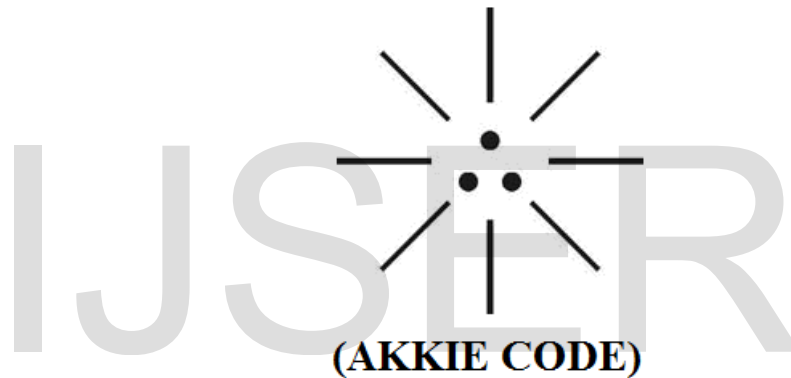

iii)

**Hypothetical Narration of  
Planetary inner and outer  
revolution on its axis**

It is hypothesized that the philosophy of **Symbol** for **chromosome**, **Molecular structure** might be derived from the philosophy of Prehistoric three tiny dot “**Akkie Code**”.

## 9. CONCLUSION

It is focused that the fundamental neutrinos PHOTON, ELECTRON, PROTON exists even before origin of SUN, EARTH, MOON. In solar system there are so many theories that solar system is centered by earth; the solar system is centered by sun etc. It is hypothesized that MARS planet shall be considered as the center of the whole planet system in the Universe and the MARS planet shall be considered as the first evolved planet in the universe and shall be called as **mother of all planets**. The philosophy of ancient Julian calendar related to astronomy might be based on prehistoric planet theory and characteristics cycles of fundamental neutrinos.

Further the philosophy of "**TWELVE TRIBES**" population of "**ISRAEL**" shall be considered as species to alien tribe population within the scope of **Biblical narration**. The **DARK CELL** shall be considered as the soul of alien tribe and the **WHITE CELL** shall be considered as the soul of modern human population. It is further focused that the Adam sons **CAIN, SETH** might have married **ANGELS** (Bible reference Gen 4:17)

"**Adam**" shall be considered as "**Human**" and "**Angel**" shall be considered as "**Superhuman**" existing before origin of "**Adam**". Further it is focused that Angel shall

be considered as **“Son of God”**, and Adam shall be considered **“Son of Man”** within the scope of Biblical Narration. Angel shall be considered as **“Natural Plant”** and Adam shall be considered as **“CROP”**.

*“Angel” is superhuman status before eating forbidden fruit.*

*“Adam” is human status after eating forbidden fruit.*
